PETER W. COLLINS TO
LECTURE HERE SATURDAY

We take pleasure in reproducing the following editorial from The Western Catholic in connection with Mr. Peter W. Collins, who is to lecture in the opera house here on Saturday night, under the auspices of Father Lacombe Council, Knights of Columbus.

A lecturer of international reputation, Mr. Peter W. Collins, of Boston, Massachusetts, will visit this province in the near future and will give a number of addresses on some present-day social and economical problems. He is travelling under the auspices of the Knights of Columbus, being one of the Order's special lecturers.

There are few men in North America more widely known in the field of sociological and economic endeavor than Mr. Collins. For over thirty years he has been associated with organized labor and has served in many capacities on the executives of some of the larger international unions. He holds the unique distinction of being the first person ever called before a legislative or judicial tribunal as an expert on extreme radicalism, socialism, bolshevism, I. W. W.'ism and communism. During the famous legislative investigation of New York legislature in 1920 he was subpoenaed to appear before the investigating committee and the results of his cross examination of three full days would make a text-book on labor and economic questions.

Immediately after the world war, Mr. Collins was active in the world peace movement with such international figures as Hon. James Bryce, Lord Robert Cecil, Chief Justice Taft, President Lowell of Harvard, Samuel Gompers and others of international prominence. At this time also he acted Director General of the Reconstruction and Employment Service of the Knights of Columbus. This service was the means of placing in employment over 500,000 ex-service men, a "feat" characterized by Mr. Davis, U.S. Secretary of Labor, as "the most amazing in the history of modern employment management."

Mr. Collins has spoken in nearly every city of over 5000 population in the United States and Canada. The press as well as leaders in all walks of life have paid high tribute to the constructive character of his work. His message is one that creates a better understanding among all classes of people; he preaches civil righteousness, social reform and justice, harmony and understanding among men. His treatment of the various subjects of his lectures is always fair and impartial and those who hear him, while perhaps they do not agree with him on all points, yet are unanimous that his presentation of the case is never evasive or equivocal. Albertans would do well to hear Mr. Collins. Social and economic problems are looming large in our time in spite of prosperity and the best solution of such problems must come from an enlightened public opinion.

The public are cordially invited to hear Mr. Collins. No admission fee.

ANNUAL MEETING

CURLING CLUB

The annual meeting of the Blairmore Curling Club, held at the Greenhill hotel on Thursday night last, was not very largely attended. The chair was occupied by Mr. John Kerr, and the reports for the past year were read by the secretary, Mr. Milton Congdon.

The election of officers resulted as follows:

Honorary President—Mr. G. A. Vissac, re-elected.
President—Mr. M. H. Congdon.
Vice-President—Mr. W. K. Hyslop.
Secretary—Treasurer—Mr. E. A. ("Dick") Harper.

Executive—Andy Hnatyshyn, L. L. Morgan, W. H. Chappell, David Oliver and W. L. Evans.

The dues for the season will be the same as last season, namely: gent's \$12.00, ladies \$6.00.

Matter of selecting skins, arranging rinks and other matters were left with the executive to consider and report at a later general meeting.

It was decided that the club would provide prizes as usual for the C.N. P. bonspiel.

A very active season is looked forward to.

FINE NEW SCHOOL AT

MICHEL OFFICIALLY OPENED

Michel and Natal are now the proud possessors of one of the finest school buildings in the province of British Columbia, which was officially opened by Hon. Joshua Hinchcliffe, minister of education, on Thursday of last week.

The new building is of solid stone construction, with twenty rooms. The building contractors were Leonard Bros., while the plumbing was the work of the Knapman Plumbing Co., of Blairmore.

Speakers at the opening were: Mr. Thomas Uphill, M.L.A.; W. R. Wilson, of the Crows' Nest Pass Coal Company, Ltd.; Sherwood Herchmer, K.C.; F. Z. Manning, inspector of schools and Hon. Hinchcliffe. Tea and coffee were served by the teachers.

Owing to the long drawn-out programme, it was necessary to set over the field sports for the children to Saturday the 13th, when the children of the twin towns had a most enjoyable time.

HILLCREST PUPIL WINNER

GOVERNOR-GENERAL'S MEDAL

Following the practice of his predecessors, His Excellency Viscount Willingdon, governor-general of Canada, has donated to each school inspector in the province of Alberta a bronze medal, to be awarded the pupil taking the highest number of marks in the Grade VIII departmental examinations, and the medals are now being forwarded to the successful candidates.

We are very pleased to announce that the winner in the Macleod inspectorate is Miss Gladys Young, daughter of Mr. and Mrs. William Young, of the South Fork, and pupil of St. Michael's Convent, Pincher Creek.

Miss Young is sixteen years of age and up to quite recently attended the Hillcrest public school.

JURKOVITCH-KROLI

The marriage took place at Calgary on October 14th, at the Quabing Memorial manse, of Miss Mildred Kroll, of Frank, to Mr. Thomas Jurkovitch, of Calgary. The bridal couple were attended by Miss Anna Kroll, sister of the bride, and Mr. Alex. Price, of Drumheller. Rev. W. T. Young performed the ceremony.

Arrangements are being made for the local Elks' annual birthday party, which will take place some time in November.

HONEYMOON IN ALBERTA

bridge Herald.

L. B. Miller, pioneer of the Richard-Bonita country, who moved two years ago to Unatilla, Oregon, where he is salesman for the McConnon Co., is visiting old friends in the city and lease district, looking after his interests. Incidentally he is honeymooning while visiting Alberta—Leth-

bridge Herald.
Mr. J. O'Reilly, of Lindsay, Ontario, one of the inspectors of the National Executive Committee of the Home Bank Relief Association, was in Fernie last week and appointed J. T. Mangano to succeed the late G. G. Henderson to look after the Home Bank affairs of this district.

DOCTOR'S DAUGHTER'S STORY

Another Toronto home provides evidence of how a simple cut, scratch or bruise, may pave the way to deadly blood-poisoning, and how vital is the need for keeping Zamb-Buk always handy.

When called upon at 5, Bunsen Avenue, Mrs. J. E. Zealley, daughter of the late Dr. E. W. Zealley, of Dorchester, Wales, said: "My boy Alfred scratched his leg with the brass tip of a shoe. A nasty poisoned sore developed and it defied all the usual ointments. Hearing splendid reports about Zamb-Buk I decided to give it a trial. To my great relief, the pain soon caused healing to set in. All inflammation and poisonous matter was quickly removed by Zamb-Buk, and it healed the sore without leaving a scar."

"Again when I fell over a steel fence and injured my knee badly, Zamb-Buk alone saved me. My daughter, a nurse, was of the opinion that only an operation could remove the mass of inflammation and pain. But I again pinned my faith to Zamb-Buk, and it cleaned and healed the wound." All druggists and stores sell Zamb-Buk at fifty cents per box. Equally valuable for eczema, pimples, cuts, burns, etc.

WORLD HAPPENINGS BRIEFLY TOLD

The demand for registered seed next year will be even greater than in previous seasons in the opinion of the Saskatchewan Registered Seed Growers' Association in Moose Jaw.

Dr. B. Parkes Cadman, chairman of the China famine relief operation in New York City, received information of the reported massacre of about 200,000 persons by fanatic Moslems in Kansu Province, China.

For the twelve months ending August 31, the Dominion Bureau of Statistics reports that the value of goods valued at \$29,816,178 were exported from Canada to the United States.

More than 1,000 Saskatchewan old timers were in receipt of old age pensions under the plan approved at the last session of the provincial legislature at the end of September and there are about 2,000 more applications under investigation.

Capt. T. P. Worshop, 64, formerly Fort Warden of Vancouver and one of the first to operate a vessel on the upper Yukon river during Klondike gold rush, died at his home in Kamloops, B.C., after an illness of several months.

Stocks of surplus military explosives, including more than 124,000 pounds of TNT, accumulated by the government during the World War, have been put to industrial uses, the United States Bureau of Mines reports.

Men would do well to copy the fair sex in the matter of scant garments. Dr. Gerald S. Webb, of Colorado Springs, told physicians coming to the New York Academy of Medicine, that skirts and light clothing worn by women prevent pneumonia, he said.

Up to October 8, this year, 100,439 Saskatchewan people have secured licenses for privately owned automobiles. The total number of cars licensed, not including the licenses issued to dealers, is 116,036. During the corresponding period of the previous year, the total was only 102,368.

Dr. Wilhelm Groener, minister of defence, has issued a decree ordering all officers of the reichswehr to leave any function at which the former kaiser or any of the former royal princes are seated. The reichswehr members are ordered to leave if any function should develop into a demonstration against the German republic.

Cloth woven by Mayans 2,000 years ago in America has been found, according to Prof. Franz Blom, of Tulane University, New Orleans.

HE DIDN'T THINK DYSENTERY COULD BE RELIEVED

Mr. John Melling, Fenner, Alta., writes: "I am a returned soldier, and when I came home from overseas I suffered greatly with dysentery. The doctor said it was chronic and did not think it could be relieved. However, he declared me fit for a while, but did me no good. One day the druggist asked me if I had ever tried

"On his recommendation I bought a bottle and after I took it, it got me better, so I got two more and have never had the dysentery since 1926."

Put up only by The T. Millers Co., Limited, Toronto, Ont.

N. W. U. 1759.

Value Of Tourist Traffic

No Official Figures On Amount Of Money Spent Have Been Given Yet

How much money do people from the United States leave in Canada every year? No official figures have been given out, but guesses run all the way from \$100,000,000 to \$400,000,000. The Royal Bank of Canada estimates that \$275,000,000 was left by United States visitors to Canada in 1927, compared with \$140,000,000 in 1925.

This year traffic has been unusually heavy. In Quebec, which 3,430 cars from the United States entered in 1925, 425,000 cars were expected to enter this year. Ontario shows a much larger figure, but the length of stay is less.

It is estimated that 3,000,000 cars from the United States will have entered Canada before the close of the present year. Canada, seeing what is ahead, is busy spending millions of dollars for good roads.

ARE YOU AFRAID OF YOUR MEALS?

Proof That the Stomach Is Weak and Needs Toning Up

Are you one of the many sufferers who dread meal time? Hungry, and yet afraid to eat, because of the pains and discomforts that follow? When the stomach is out of order the whole system suffers, and as the blood becomes impure, it becomes increasingly difficult to correct the digestive disorder. There is no tonic for the stomach that is not a tonic for the whole body; thus a blood-building tonic such as Dr. Williams' Pink Pills in a severe case of indigestion, but adds to the general strength.

Mr. D. J. Shaw, Selkirk Road, P.E.I., has proved the value of Dr. Williams' Pink Pills in a severe case of indigestion and relates his experience for the benefit of other sufferers. He says: "I suffered from indigestion for a number of years. My case was so bad that words fail to describe it. My appetite was gone, constipation was present, and my nerves were all on edge. I could not sleep well at night, and the world was a dark spot for me. I tried a number of remedies, but without any benefit. Then Dr. Williams' Pink Pills were recommended, but without much faith, after so many failures, I decided to try them. After taking three boxes I noticed change for the better. Then I got three boxes more and found I had a genuine remission. I continued the treatment, took moderate exercise, could take plain food without suffering, and, for a first time, I noticed these pills make good blood, and that this good blood will restore the stomach and nerves. Anyone suffering from stomach or nerve troubles will make no mistake in giving Dr. Williams' Pink Pills a fair trial."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont. Write today for a copy of the free booklet "What to Eat and How to Eat."

Small boy: "Say, mister, give me a hand o' oysters."

Dealer: "We sell oysters by the measure, my boy, not by the pound."

Small boy: "Well, then, give me a yard."

ALBERTA WHEAT POOL NEW TERMINAL ELEVATOR

The Alberta Wheat Pool is anticipating in future years the great bulk of Alberta's crop will seek the world's markets by way of Pacific tidewater is evident from that organization's activities in building and acquiring terminal elevator space at Vancouver and Prince Rupert.

Just recently a great new terminal has been completed for the Alberta Pool, at Vancouver, by the Northern Construction Company and J. W. Stewart, and with C. D. Howe & Company, recognized as one of the foremost designers of terminal elevators, as the engineers.

The capacity of this new terminal is approximately 2½ million bushels which brings the total storage controlled by the Alberta Pool on the Pacific coast up to 5,300,000 bushels.

"The wonder metal of the age" is a fitting term for Aluminum. Its lightness, brightness, flexibility, freedom from rust, and many other good qualities, make it adaptable to a multitude of uses, a chief one being as a container par excellence for good tea—Red Rose Tea is packed only in this modern metal package.

SUNDAY SCHOOL LESSON

OCTOBER 21

CHRISTIAN STEWARDSHIP

Golden Text: "First they gave their own selves to the Lord."—2 Corinthians 8:5.

Lesson: 2 Corinthians 8:1-15.

Devotional Reading: Psalm 93:1-7a.

Explanations and Comments

The Example of Christian Generosity Given By the Churches to Macedonia, 8:1-5.—Paul calls to the mind of his readers, the Christians of Corinth, the example in generosity of the Macedonians (the churches of Philippi, Thessalonica and Berea), and ascribes the latter's large collection for the poor at Jerusalem to God, whose grace, or love, moved them to generosity. Attention which had put their Christian character to the proof (1 Thess. 2:14), their overflowing joy (1 Thess. 1:8), and their dire poverty, had resulted in spiritual riches, great liberality. For they gave willingly as they were able, and indeed more than they were able, as he, Paul, could testify. Perhaps Paul at first thought the Macedonians too poor themselves to share in this collection, for he now says that they begged the privilege of joining in this grace and fellowship. "The contribution of the Macedonian Christians was really comparable to the giving of the widow's mite."

"Strange to say, it is not those to whom the gospel comes easily, and on whom it imposes little, who are most generous in its cause. On the contrary, it is those who have suffered for it, those who have lost by it, who are as a rule most open-handed. Comfort makes men selfish, even though they are Christians; but if they are Christian, affliction, even to the spoiling of their goods, teaches them generosity."—James Denby.

"The collection was to minister to the saints" (Paul's term for Christ's followers) at Jerusalem. There were several reasons for their poverty. "The religious prejudices of the Jews, amongst whom they lived, entailed upon them constant social persecution, even in times of comparative peace, the claims of Christian visitors upon their hospitality were heavy; the antagonism of the apostles and of a disproportionate number of Christian teachers threw on them an undue share of the line elevator system. But whatever the causes of their poverty, it was certainly chronic."

Paul explained to the Corinthians the method of the Macedonians: they first gave themselves to the Lord. And it was their devotion to Paul as well as to the Lord which led them to further his wish in the matter of the collection. What Paul says is that "We are indebted to you, little from people so poor, but by God's will they literally put themselves at the service of the Lord. In this instance, and of us as his administrators. They said to us, 'We are amazed and joy.' 'We are Christians and yours after him, to command in this matter.'"

A Frook Of Distinction

Decidedly smart is the frock picture here. The pointed bodice is joined to the skirt having plaits at front and a slightly flared back, a shaped collar, and long sleeves gathered to deep cuffs. No. 1576 is in sizes 34, 36, 38, 40 and 42 inches bust. Size 36 requires 3¼ yards 38-inch or 2½ yards 44-inch material, and ¾ yard 38-inch contrasting for View B. Price 20 cents the pattern.

Every woman's desire is to achieve that smart, different appearance which draws favorable comment from the observing public. The designs illustrated in our new Fashion Book are originated in the heart of the style centers and will help you to acquire that much desired air of individuality. Price of the book 10 cents the copy.

For COLDS of All the Family

This Modern External Treatment is best

Mothers prefer the external treatment, Vicks VapoRub, for children's colds, because it is so constant "dosing" so disturbing to delicate little stomachs. You just rub it on the throat and chest at bedtime.

Other members of the family prefer Vicks for their own colds, because it is convenient, and quick in bringing relief.

For free sample, write Vicks Chemical Co., No. 1 Lee St., Greensboro, North Carolina, U.S.A.

VICKS
VAPORUB

Acts
2 Ways
at Once

Recipes For This Week

(By Betty Barclay)

LAMB SOUFFLE

- 1 cup soft bread crumbs.
- 2 cups thick white sauce.
- 2 eggs.
- 1 teaspoon chopped parsley.
- 2 cups chopped lamb.
- ½ tablespoon salt.
- ½ teaspoon pepper.
- 1 teaspoon onion.

Make and cool white sauce, then mix it with crumbs, seasoning, and chopped meat. Add the beaten yolks of eggs, then fold in the stiffly beaten whites. Put into a well-buttered baking dish and set in a hollow pan containing one inch of boiling water. Bake twenty to twenty-five minutes in a moderate oven. Serve at once.

LEMON JUNKET IN PRUNE WHIP

- 1 packet lemon junket.
- ¼ cup stewed prunes.
- 1 pint milk.
- White 1 egg.
- Sugar.

Put the stewed prunes through a coarse sieve into a large bowl; sweeten to taste. Add the white of egg and beat with wire whisk 10 minutes. Fill tall dessert glasses half full. Dissolve the junket powder in the slightly warmed milk and pour carefully into glasses, holding a spoon over the whip to catch the milk as it is poured in. This careful pouring will keep the whip from floating. Let set in warm room until firm. Grate a little nutmeg over top. Chill.

Demand For Registered Seed

The demand for registered seed next year will be even greater than in previous seasons in the opinion of the officials of the Saskatchewan Registered Seed Growers' Association in Moose Jaw.

Know, He Was Safe

"I think we should tak a walk down the toon and see the shops, lassie," said an Aberdonian to his wife.

"But they're s' shut," she replied.

"Dye think I didna ken that?" he said.

"Fm no' dast s' th' gither."

"You're doing well, young fellow," said the shipping clerk encouragingly, "the foreman praises you to the skies."

"I'd sooner he'd praise me to the boss," was the quiet reply.

We understand that there is a Scotsman in Greenland who keeps his thermometer in the house so it won't freeze.

Bootmen are said to be untidy, but they like their whisky neat.

Artificial Clouds a Success

German Invention Makes Country Entirely Invisible From Air

Experiments in making cloud screens capable of hiding an entire country side from airplanes have been concluded near Stuttgart, and the results were pronounced highly satisfactory.

Flame throwers of the same type employed during the war were used for distributing gas which, upon striking the air, becomes heavy and opaque. The purpose of the test was to determine if an entire industrial section could be made invisible to hostile airplanes. The flame throwers were mounted on the ground on all sides of the area around which it is desired to lay a screen. Thus the section could be hidden regardless of the direction of the wind.

Flames flew over the region after the cloud was laid and observers declared they were unable to detect a single building through the gas cloud. Photographers returned with plates which proved worthless as far as identification was concerned. The composition of the cloud forming gas was kept secret.

Might Be Good Advice

Rochester's Idea Of How To Get On In World

From New York comes a new story concerning John D. Rockefeller, the multi-millionaire.

A young man asked his advice as to how best to get on in the world. "Work hard and set yourself to buy a gold watch," was the reply.

"Yes," queried the listener, "and when you've bought the gold watch?"

"You don't buy a gold watch," replied Mr. Rockefeller, "you buy a gun-metal one and start all over again for a motor car."

"And when you've got the money for a motor car?"

"Well, you remember the watch, if you're not a fool, and go on walking to business."

Animals

Minard's heals bruises, sores, sprains, saddle boils, distemper, etc.

Women voters outnumber men in four constituencies in England, and in two of these, Chamberlain and one Glasgow division, the present M.P.s are bachelors.

Cuticura Baths Comfort And Refresh The Skin

Cleanse and refresh your skin by bathing daily with Cuticura Soap. If there are any signs of pimples, redness or roughness, follow with a gentle application of Cuticura Ointment to soothe and heal. Cuticura Talcum, smooth, cooling and fragrant, is the ideal toilet powder.

CHAPTER III.—Continued.

Janet laughed. "I will go now to give you the chance." With a playful flick of her whip toward Douglas, she was off like an arrow.

"Donald turned to his friend. 'I hope that you are satisfied now that you have made an ass out of me.' 'Quite happy, old dear. I didn't find it a hard job.' Donald laughed. 'I'll race you to the gym.'"

"As the bout was to take place on Monday, this was to be the last day of training. The fans who had flocked to see Donald in his work-outs admitted that he had wonderful speed, but would be unable to stay the twenty rounds with the formidable Garriau. The verdict of the knowing ones was that it would take more than a snappy left hand to lift the laurels from the champion who possessed the virtue of the terrible punch."

To the boxer training is a trying ordeal. The daily grind of road-work, bag-punching, rope-skipping and pulley work becomes monotonous. The nerves become frayed, and if the weight has to be materially reduced the boxer develops a bad temper and is anything but a cheerful companion."

As Donald prepared for bed that night he thought with relief that the morrow would be a day of rest. "I'll be glad when it's over," he mused. His meditations were interrupted by a rapping on the door. In answer to his invitation to come in, the door opened and a small man of unimposing appearance entered.

"The visitor was indeed a most repulsive man, of uncertain age, and with skin of a sickly yellow. One eye was slightly, which he ascribed to an accident during a football game. Those familiar with his shady past averred that it was caused by the vigorous application of an adversary's thumb during a bar-room brawl."

"I'm Garriau's manager," he said importantly.

"What do you want?" demanded Donald shortly.

"Now, see here, kid. We've got a dead chick to cop de change. It's a day. Youse is a smashout without a chance in de world to beat de slugger. Get me? Well, dere ain't a bit of sense of de Slugger beatin' you up for nuttin', so we frames de bout. De heavy bettin' will be on de Slugger, so we fix it for de Slugger to go 'till about de first round, and give de fans a run for dere money. We gets all de money dat we can borrow and steal and puts it on you to win. We puts up a slam-bang fight. You can take de drop a couple of times, and den den goes de slugger. De fans will just eat it up. De test' round will find you stannin' toe to toe, den de last minute you sends home de fake sleep-punch. De boos will think it's de square. Den in a mont' we gets a return bout and we puts out de 'grudge stuff' and we packs de house. Of course, we have

to win den, and all our money will be placed on de Slugger. Dat means dat we cop de change twice. Get me? His ugly lips parted in what he intended as an ingratiating smile. "You come up to de club tomorrow and we rehearses de whole ting. Get me?" Donald's face turned pale with rage. "I get you, you damned little rat!" he snarled. Seizing the surprised Purnell by the collar, he jerked him to his feet, dragged him to the door, and threw him out with such force that he struck the wall with a thump and fell in a heap in the floor.

Purnell rose with a snarl that showed his yellow-teeth. A look of bestial hate shot from the one gleaming orb. "We'll kill you Monday, you son of a bitch!"

"The air was filled with the vile obstructions. Closing the door, Donald walked to the windows and opened them wide, as though to rid the room of the air his visitor had breathed. "I never dreamed there was so much rottenness in the shape of a human being," he said disgustedly.

At the same hour, at the other side of the city, Douglas was also entertaining a visitor, but of a very different type. He had just entered his room when he heard his sister's voice.

"May I come in a minute, Doug?" Janet came to the point quickly. "Who is this Mr. McLean who was with you today?"

"Oh, that was Mr. Donald McLean," he answered evasively. "You know what I mean. Who is he?"

"He's a boxer, Doug. Where does he come from?" "I'll look him up in Bradstreet's."

"Is he a serious, Doug?" "Do it a serious matter, Sis."

"I think he is interesting," she replied hesitatingly.

"So do I. I liked him the first time I saw him," said Douglas warmly. "You haven't answered my questions yet," persisted Janet.

"For all his fluency of speech Douglas was for the moment nonplussed. 'Let's see—er—what was the first question?' he was stammering for time.

"Don't quibble, Doug. Where did you meet him?"

"I met him a long time ago through an intimate friend by the name of Petray. McLean is his partner. Firm name McLean and Petray."

"What is his business?" "Oh—er—glove business."

"There was an interval of silence. 'I'm not a bad little rat,' thought Douglas. 'I wonder if she's finished?'

He yawned strenuously and stretched his arms. "My! I'm sleepy," he said.

Janet rose slowly and moved to wait the door.

"Are you going to ask him out some time?" she inquired.

"Sure thing!" At the door she turned. "Will you let me know when he is coming?"

"Yes, dear."

"Good-night, Doug."

"Good-night, Sis."

Douglas stood for a while staring into nothingness. "I don't blame her," he said aloud. "I don't know anything about him, but I'll bet he is a real man."

CHAPTER IV.

The arena and the grand-stand were packed, the S.R.O. sign having been hung out at two o'clock. The cosmopolitan crowd sat in solid

rank, tier upon tier, from the select ring-side seats to the topmost rail. Judges, lawyers, doctors and bankers sat with labourers, miners, loggers, bartenders, and bootblackers. Men of the underworld sat side by side with men that made and administer other laws. There was a sprinkling of Japs, Chinamen and negroes. The turbulent Hindu made bright epithets of colour here and there in the vast sea of faces. Of class distinction there was none; all bled as one in the love of the boxing game.

The preliminaries were over, and the vast crowd had settled in their seats. Suddenly there was a stir, a craning of necks. Down the aisle on the west side of the arena came Donald, followed by Andy and the two seconds, the latter carrying buckets, sponges, towels and bottles. Donald wore a dark-coloured bathrobe thrown over his shoulders. There was a murmur of applause that swelled to a tumult as he clambered through the ropes. He seemed cool as Andy piloted him to the corner, but as he sat down and stretched out his long legs, he appeared ill at ease.

Although the crowd had given him a handsome welcome, prophesies were shouted down from the top seats that he would not last very long with the formidable champion. Donald was palpably nervous, as evidenced in the quick turning of his head and the shaking of his feet. He looked slight and frail as he leaned forward in his chair, the black bathrobe accentuating the paleness of his face. A feeling of friendliness came over him as he gazed at the huge, strange crowd who were loudly predicting his defeat.

A well-known judge, wearing glasses and a big black hat, turned to his companion. "It's a hanged shame, Tom, to match that slim boy with such a brute like the giant!" The one addressed was one of the city's leading dentists and an ardent boxing fan. "Don't you believe it, Bill," he returned. "Just wait until you see this boy strip."

"Here he comes!" A roar of applause greeted the champion as he came down the east aisle bowing, right and left in answer to their plaudits. His dark, massive body seemed fairly to shine as he heaped to the ring with easy grace and stripped off his robe. He stood in his corner with his hands on the ropes, shutting his feet in the resin. He smiled and glanced about the arena. Evidently he loved the limelight.

(To Be Continued.)

Cleopatra's Needle in Position Fifty Years

Queen Victoria Was Interested in Its Arrival At London

It is 50 years since Cleopatra's Needle was set up on the Thames Embankment, in London, England.

The event, interest in which was increased by an adventurous voyage that nearly wrecked the enterprise, aroused the interest of thousands of Londoners, who gathered on the riverbank to watch the arrival of the obelisk from Alexandria, towed by the Channel tug *Anglia*.

By using hydraulic rams, John Dixon put the Needle in position in about half an hour. At 3.50 it was upright, and a wild cheer rose from the crowd as the Union Jack and the Egyptian flags were run up on flag-staffs nearby.

All kinds of gifts, to remind posterity of the life of early Victorians, were placed at the base.

A railway guide, Hibbes in different languages, a feeling bottle, a razor, a portrait of Queen Victoria, a box of hairpins, "photographs of a dozen pretty Englishwomen presented by Captain Henry Carter," a set of conical, a pound weight, a foot measure and sundry articles of female adornment, were among the trophies deposited.

Queen Victoria was so interested that when the obelisk arrived, an official statement was issued that she was "much gratified by the safe arrival of the Needle."

Although brought to England only 50 years ago, Cleopatra's Needle, which has no connection with Cleopatra, was presented to the British nation by Mohammed Ali in 1819.

The Needle, of pink granite, now black through exposure, was erected at Heliopolis by Thimmes or Thut-mose II., a sovereign of the 18th Dynasty about 1500 B.C., and dedicated to Tut of Heliopolis.

Snappy—"Are these eggs fresh?" Grocery Boy—"The man just returned from the country." Snappy—"What country?"

He. The mere fact that you refused me doesn't worry me. There are others.

She. That's why I refused you.

Iron Ochre Discovery

Valuable Find Is Made In Northern Saskatchewan

Discovery of deposits of iron ochre estimated at 50,000 tons has been made near Makval Lake, Saskatchewan, by William O. Neal, of Kerobert, who has staked claims under the Dominion quartz mining regulations.

Makval Lake is almost due north of St. Walburg, the end of the steel on the Canadian National Railway. It can be reached by automobile over rough trails. The ochre deposits were found just south of the southeast arm of the Makval Lake and a rough estimate suggests that something like 50,000 tons of rich red ochre, varying in depth from three to five feet, are available.

Iron ochre has many uses. It is used extensively in the manufacture of paint, for coloring floors, for coloring sand and lime brick, as a filler in the manufacture of rubber goods, paper, cloth, for coloring match heads and for coloring stucco.

Both the quality and quantity of the iron ochre deposits discovered at Makval Lake are stated to warrant commercial development. Samples are now being tested for the Department of Railways, Labor and Industries to determine the various properties of the ochre.

Radium Rays Greatly Increased By Platinum

Effect Of Super-Ray Ten Times Greater Is Claim

Alois Fischer, Vienna chemist, has succeeded in placing radium with platinum, greatly augmenting the ray strength which is reported to be ten times greater than that of radium alone. Dr. Helmer of the St. Joseph's hospital institute announces the successful use of the new super-ray in many cases of cancer and other malignant growths with no danger of burning and other risks as with simple radium. Also, an advantage of the new ray is that it requires a minimum of radium, making possible the general use of radium points where radium is too expensive.

As a vernifuge an effective preparation is Mother Graves' Worm Expeller, and it can be given to the most delicate child without fear of injury to the constitution.

It is said that human beings unconsciously associate a color with a particular sound. To the pedestrian a motor horn suggests both black and blue.

Minard's Liniment for aching joints.

"Rufus, this road is awful steep. Can't I get a donkey to take me up?" "Lean on me, darling."

All the main railway lines in Rumania are owned and operated by the State.

FARMER'S WIFE GETS STRENGTH

By Taking Lydia E. Pinkham's Vegetable Compound

Wilton, Ont.—"I am taking Lydia E. Pinkham's Vegetable Compound through the Change of Life. It helps me walk to do my farm work, I was so weak and my limbs were heavy so I could hardly walk to do my farm work. I saw your ad about the Vegetable Compound and I thought I would give it a trial. The first bottle gave me relief and I have told others what it has done for me. I am well for me to use my letter if you choose."—Mrs. D. B. Parnes, Wilton, Ontario.

Ask Your Neighbor

Teeth and Health

Issued by The Canadian Dental Hygiene Council and Published by The Saskatchewan Dental Society

THERMAL CHANGES

You are fond of ice cream during the hot weather, and of iced drinks. But you noticed that upon your last visit to the soda fountain, a certain tooth pained momentarily as you were enjoying your favorite drink. Or, some toothsome sweet made it "zing," and also, you found it more comfortable to take your tea not quite so hot. But of course, it isn't enough to make a fuss over; a little care exercised and it will be alright again.

So you think. Now what is happening?

You have suspected, and rightly so, a small cavity.

While Nature saw fit to place nerves and blood tissues within the tooth, yet she protected them with the very best covering in the pulp chamber, which was meant to remain intact throughout the life time.

But through no fault of Nature, disease has crept in and of her plans yet baffled, for she has placed just within the enamel covering, tiny tissue filaments which communicate with the nerve endings in the pulp chamber. These respond to thermal changes, sweets and acids, and instantly

transmit the message to headquarters in the brain, the warning that something is wrong—just as when you put your finger on a red hot stove.

So forewarned, there is yet ample time to prevent more serious trouble if you will, but do your part and act promptly by having repairs made.

But do you?

If Miller's Worm Powders needed the proof of testimonials, they could be got from mothers who know the great virtue of this excellent medicine. But the powders will speak for themselves in such a way that there can be no question of them. They act speedily and thoroughly, and the child to whom they are administered will show improvement from the first dose.

Sound Beam Is Success

Men In Driftless Distinctly Hear Program Of Music

Announcement is made by the Victor Talking Machine Company that the practicability of directing beam sound waves to a definite point has been demonstrated. Officers of the navy dirigible J-4 flying high above Camden, N.J., the announcement stated, distinctly heard the voices of Victor officials, a program of music and constant tone signals sent up to them by the recently developed super-directional horn mounted on the roof of a 10 storey building.

The new horn sent out a beam of sound which at all times was trained on the dirigible much as the beam from a giant searchlight would have been played on it.

"Rufus, this road is awful steep. Can't I get a donkey to take me up?" "Lean on me, darling."

All the main railway lines in Rumania are owned and operated by the State.

Those who oppose improvements. Those who distrust public-spirited men. Those who over-advertise their business. Those who show no hospitality to anyone. Those who hate to see others make money. Those who oppose every improvement that doesn't originate with themselves. Those who put on an extra-long face when a stranger talks of locating in their town. Those who oppose every public enterprise that does not appear of personal benefit to themselves.

No one need endure the agony of corns with Holloway's Corn Remover at hand to remove them.

People are precipitate. Always putting off something till tomorrow, instead of the day after tomorrow.

Minard's Liniment—Popular for 50 years.

"All things are relative," says a philosopher. Alas! no. The slower the driver's will, the faster he goes.

The need of the times is a vehicle you can ride down town and then fold up and carry into the office.

Little Helps For This Week

"Not my will, but Thine be done."

—Luke xiii. 42.

Whatever my Father wills is best. Delight or suffering, toil or rest. Thine eye, and Thine alone, can see What I should have, and do, and be. I only ask that I may know The way which Thou wouldst have me go.

That I, my will in Thine may lose; That Thou, Lord, for me shalt choose.

I, too, may choose. —C. W. Harris.

There are no disappointments. It has been said, to those whose wills are bound up in the will of God. —The Light Of The Conscience.

Even if a worm does turn he's just the same on the other side.

Are You Ready

When your Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what most physicians would tell you to do—give a few drops of plain Castoria. No sooner does your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot put away. And it's always ready for the cruellest pang of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

DID YOU EVER STOP TO THINK?

(By Edson R. Waite, Shawnee Oklahoma)

That the world's greatest selling power is advertising.

That the printed page is the master creation of amazing simplicity through which it can be done.

That newspapers cater to the needs of all the people.

That the business men who make a practice of studying the advertising and editorial pages of the newspapers keep up-to-date and are better fortified to engage in the battle for business.

That advertising is the spirit of progress for the business world.

That steadily it gives a complete victory over obstacles because it is dependable when properly used.

That constantly year after year it makes its appeal to the world on behalf of worthy business.

No power or influence can hinder or retard the growth of a business that is being built through steady, truthful advertising.

ABOLITION OF EXAMINATIONS IS URGED

Abolition of examinations for high school boys and girls, except as tests for entrance to universities or to professions, was urged before the educational section of the British Association for the Advancement of Science by Dr. Cyril Norwood, headmaster at Harrow.

"A properly inspected school could issue a certificate of satisfactory scholarship," he said. "The power to make such an award would imply a high standard on the part of the school, and perhaps a higher level of efficiency than now exists. In any system of examination, we must think of the slow-minded youths who suffer badly when they are forced by cramming to an unnatural level.

"Education is no longer the region of the three R's. It is now the territory of another trinity—the hand, the eye and the voice. It is the business of the primary school to teach the child to observe, make him do things, and to instruct him in speech and song. Then the child will have more capacity for true happiness and true intelligence."

TO CURTAIL SPEEDING

For the benefit of motorists, the Nova Scotia Motor League and the Registrar of Motor Vehicles in that province, are publishing extracts from the Motor Vehicles Act, some of which are as follows:

"The law requires that vehicles shall be operated at a careful and prudent rate of speed, not greater than is reasonable and proper, having due regard to the traffic, surface and width of the highway and all other conditions.

"The rate of speed must not exceed 20 miles per hour in residential or business districts.

"The rate of speed must not exceed 15 miles an hour when approaching intersections, on curves, crest of hills, and when within 300 feet of grade crossings, or when passing a school when children are in the vicinity of the highway.

"The rate of speed must not exceed 25 miles per hour in the case of commercial vehicles with a capacity of one ton or over.

"The rate of speed must not exceed 35 miles per hour at any time."

The new Hotel Willingdon has been officially opened at Okotoks.

FORBID FREAK FLYING

The serious casualties from long distance, overseas and other risky adventures among a race, has led the French government to forbid all such needless attempts by pilots of the air until further notice, when the ban will be removed.

This prudent action has been adopted some time ago. It has postponed for the time, and probably until the winter season has passed, a number of projected flights across the Atlantic, as well as contemplated attempts by French airmen to break records in speed, endurance, elevation and other hazardous adventures.

—New Glasgow Free Lance.

CONVICTED FOR USING

USED STAMPS

On July 26th, F. Tornowski, of Trochu, Alberta, posted a letter at that office, bearing three previously used two-cent stamps, two of which bore evidence of an attempt to remove the official cancellation marks. He was arrested and charged with using previously used stamps with fraudulent intent and also with removing cancellation marks. On the former charge he was found guilty and fined \$10 and costs. On the second charge he was committed for trial at the next sitting of the district court at Calgary and was allowed out on bail of \$1000 pending trial.

In the district court at Calgary on October the 10th, Judge MacDonald found Tornowski guilty of removing used postage stamps from mail matter with intent to defraud; also found him guilty of attempting to remove cancellation marks with similar intent. Sentence of \$10 and costs on each charge or thirty days in jail was imposed. Tornowski paid the three fines and costs, in all about forty dollars.

SEEKING THE FLAPPER VOTE!

An exchange remarks: "Premier King does not think the Conservatives have a snowball's chance in the next election, else he would not have had that picture taken in his bathing suit."

GET YOUR XMAS CARDS NOW

It's not too early to make your Christmas Card selections for the coming festive season. Let your friends know you are thinking of them at this time by sending them a card. The Enterprise selection this year is exceptionally attractive and new and is ready for your inspection.

Look—We guarantee to show you the largest line of samples west of Winnipeg, and the early bird will get the cream of this selection.

In addition, we have all kinds of cards in stock, that can be printed with your own wording at very short notice. These cards are new and the product of some of the world's best factories.

The Order of the Eastern Star is holding a Sale of Work and Home Cooking in the Lodge Hall on Wednesday, December 5th, from 3 to 6 p.m., followed by a Whist Drive and Social in the evening at 8 o'clock. Everybody welcome; come and bring your friends.

COLEMAN ALBERTA

ELKS AND THE LAW

The question of gambling in connection with the various carnivals put on at different periods throughout the province by this benevolent organization is a matter which requires definite adjustment. Prosecutions are not only annoying but ultimately injurious, and two have been directed against Calgary and Lethbridge branches of the order in the last three months. Prestidigitators, fully appreciating all the details of these affairs, the charitable disbursements of carnival proceeds and, possibly being members of the order as well, impose the lowest fine permissible, and the matter is dropped.

In simple language, the law is intentionally and knowingly violated; the police, with a smiling wink, prosecute some official of the order and the trial judge concludes the mockery by imposing a fine of thirty cents or thirty days. Surely an edifying method of instilling respect for our laws into the minds of youthful observers. If there be no harm in this particular and enjoyable manner of obtaining a ham or a blanket for "two-bits"—and who doesn't "fall for it?"—why not amend the criminal code to so read: If it is wrong, better to stop it.

To show that there are apparently two sides to the question we quote the following opinion of Dr. Bingham, a prominent church worker:

"For churches, community clubs and lodges to put on gambling devices for charitable purposes is too prevalent and always pernicious. Business men who foster these things will some day reap what they sow. It is time we had sense enough to see that we cannot relieve charity by demoralizing character. The cost is too great. What folly to fancy we are helping the under-privileged of our day by teaching hundreds of young people the first lessons in lotteries and gambling devices. It may bring in money, but it slowly and surely undermines the moral fibre of the people."—Hanna Herald.

No, sir, we absolutely refuse to believe, the latest story of a local Scotchman, who, rather than pay thirty-five cents to see the picture show, hired a taxi for Pincher Creek, thirty-two miles away, to hear a free lecture on the subject of "Thrift."

FOR SALE OR RENT—Desirable residence properties on Eighth Avenue north and State Street, Blairmore, property of Mrs. James Paden. Easy terms can be arranged. For further particulars apply to J. R. GIESHAM, Blairmore. [18-1]

UNRESERVED AUCTION SALE

A Mexican boy orator was refused entry into Canada and you can bet it wasn't because he was a boy or a Mexican. Let's follow this up by deporting all other boy orators and make this a country fit for heroes to live in.—High River Times.

NOTICE

Notice is hereby given that we, CHONG YUE and SAM SHING, have entered into an agreement to purchase the property on Main Street, Hillcrest, situated on Lots 10 and 11, Block 35.

CHONG YUE.
SAM SHING.
Box 24, Hillcrest.

RUPTURE
EXPERT HERE

F. H. Seeley, of Chicago and Philadelphia, nationally famous expert, will himself personally be at the Lethbridge Hotel, and will remain in Lethbridge Thursday only, October 25th, from 9 a.m. to 4 p.m. Mr. Seeley says:

"The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods exemplifying instantaneous effects immediately appreciable and without any strain or position no matter the size or location. Large or difficult cases, or incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions, with distinguished personal patrons of all nations."

"His method has always been most satisfactory."—Late Dr. Edward Shippen, former Medical Director, U. S. Navy.

This instrument is the same as supplied to Surg. Genls. Bureau, U.S. Navy Hospital, Penn. R.R., etc., etc.

He will be glad to demonstrate without charge or fee if them if desired. Business demands prevents stopping at any other place in this section.

N.B.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. SEELEY.

CAUTION—All cases should be cautioned against the use of any elastic or web truss with understraps, as same rest where the lump is and not where the opening is, often resulting in strangulation.

Home Office: 117 N. Dearborn St., Chicago, Ill.

Bad Legs

Do Your Feet and Ankles Swell and Inflammation Get So Severe You Can Hardly Walk?

Have You Varicose or Swollen Veins or Bunches Near Ankle or Knee?

To stop the misery, pain or soreness, help reduce the dangerous swollen veins and strengthen the legs, use Moore's Emerald Oil. This clean, powerful penetrating, yet safe and septic healing oil is obtainable at all first-class drug stores.

In hundreds of cases Moore's Emerald Oil has given blessed relief. Wonderful for Ulcers, Old Sores, Broken Veins and Troublesome Cases of Eczema.

MOORE'S
EMERALD OIL

You Can Quickly Limber Up
Sore, Stiff, Swollen Joints

Even Chronic Rheumatic Swellings in Knees, Elbow, Shoulder or Finger Joints Yield to the Mighty Powerful Influence of JOINT-EASE.

It's here, right in town, and every live druggist has it.

It's a low price remedy, to be sure, but that doesn't stop it from taking the kinks, lameness or torture out of your troubled joints.

Joint-Ease is the name, so called because it is compounded solely for the purpose of relieving all joint ailments.

Just rub it on the tormented, lame joints and in just a few seconds it will penetrate to the bone and blessed relief comes quickly.

It absorbs instantly, and is so clean and stainless that you can rub it on often and get thereby results much more quickly, when the joint is inflamed and the agony intense.

Being such a powerful counter-irritant, it cannot help bringing speedy and helpful results in congestion, sore throat, chest colds, lumbago and neuralgia much quicker than almost any remedy you can buy.

But you must remember that it is for joint afflictions that it is mostly designed and its helpfulness will astonish you after all ordinary liniments and other treatments have failed.

Joseph O'Neill, brother of J. P. O'Neill, who has been operating a farm in the South Fork country for the past two seasons, left by Sunday night's train on a visit to his wife and children at North Augusta, Ontario.

Canadian Pacific Directors & Eastern Financiers Inspect the West

From left to right, front row—F. W. Molson, director; Sir Charles Gordon, president Bank of Montreal; Sir Herbert Holt, director C.P.R. and president Royal Bank; E. W. Beatty, chairman and president of the Canadian Pacific; W. A. Black, president Ogilvie Milling Co. and director; Col. Henry Cockshutt, president Cockshutt Pulp Co. and director.
Standing—Mr. Beaudry Leman, general manager Banque Canadienne Nationale; D. C. Coleman, vice president Canadian Pacific western line; Dr. W. W. Chipman, Montreal; James A. Richardson, director, Winnipeg; Ross H. McMaster, president Cananda Steel and director; W. J. Blake Wilson, director, Vancouver; Hon. Simon White, president Gazette, Montreal. This group was photographed at Banff Springs hotel.

One of the most outstanding groups of eastern business men that ever visited western Canada together accompanied Mr. E. W. Beatty, chairman and president of the Canadian Pacific on his recent annual tour over the company's western lines. The party which was representative of the financial and industrial activities of all Canada left Montreal at the end of August and spent a full month travelling about the country between Montreal and the Pacific coast.

The purpose of the tour was to become more conversant with western conditions and problems—and more particularly to visit The Peace River country, most of the party never having been there before.

The party returned east with optimistic views regarding the entire country visited.
"I have never seen the country looking better at harvest time," said Mr. Beatty on his return, "and in all my experience I have not previously found so general a feeling of complete confidence in this country and its possibilities as was observed in the cities and districts where we made stops and had an opportunity of talking things over with their representative citizens. More than ever am I impressed with the potentialities of Canada's north land, I think it almost too much to say that Canada's future lies to the north and that the opportunities already discernible there are a challenge to the oncoming youth of the older parts of the country."

"We had an excellent opportunity of learning this," said Mr. Beatty, "during our visit to the Peace River country which most of us had not previously seen. As a result of that visit we have arranged to take over and operate the E.D. & E.C. Railway, which arrange-

ment, I believe, will prove very greatly to the advantage of that country and the people who live there. "It is a beautiful as well as a fertile country," continued Mr. Beatty. "I can perhaps liken it best of all to some parts of old Ontario. It is a rolling country, in some places quite heavily wooded and much broken by lakes and rivers. The soil is generally a rich, black loam and highly productive, and although there is a steady movement of settlers into the area which will no doubt increase in volume as it becomes better known, its extent is so great that it must be years before the available land is all taken up. Our party took every advantage of the opportunities offered to see the country. We motored over three hundred and fifty miles of its excellent roads, and almost everywhere we found fine farms or newly broken homesteads and in some cases well settled communities having every appearance of prosperity. In town and country alike we met with a cordial welcome and I think our visit was taken as a friendly gesture of interest on the part of the East towards the new, far Northwest. We motored over the British Columbia border line as far as Rolla and as far north as Peace River Landing, and still felt we did not touch the edge of Canada's great north."

"It is hardly possible to say what the next few years will bring to that country, but we must recognize the fact that there is a new Canada being opened up well beyond what we have previously considered to be the northerly limit of habitation and production. We hope that we shall very shortly be able to go to work on the task of putting the E.D. & E.C. Railway into better shape to serve the communities it reaches. Much money will have to be spent in order to bring it to standard and it will also take some time."

Local and General Items

Mr. A. W. Baxter, who left this morning for Calgary, reports that night classes will be formed at Bellevue, Hillcrest and Coleman. Subjects: English for new Canadians, mathematics and mining. Mr. Baxter will visit Lethbridge and Taber before returning to Calgary.

T. Dawson arrived last week from Coleman, Alberta, and has taken up residence in Kimberley. Mr. Dawson is a choir leader of some note and has taken many prizes at festivals for choir singing, and should prove quite an acquisition to the musical circles of the community. He has already taken charge of the United church choir—Kimberley Press.

When passing through Calgary last week on his way to Blainmore, George Patterson called at the Holy Cross hospital to see Dominic Soda, who is still a bed patient there. Dominic is practically paralyzed from the hips down, as a result of an accident in one of the Drumheller mines close on a year ago, at which he suffered an injury to his spine.

Three murderers, thirty-eight other men and nine other women, all inmates of San Quentin, Cal., were confirmed by the Rt. Rev. John J. Mitty, bishop of Salt Lake, at a ceremony held at the state prison recently. William Edward Hickman and John J. Troche, condemned to hang, and Clara Phillips, hammer-slayer, now serving a life sentence, received private confirmation.

A general meeting of the Blainmore First Aid Association will be held in the general office of the West Canadian Collieries, Limited, on Sunday next, October 21st, at 10.30 a.m. for the purpose of organizing and enrolling members in a class which is expected to commence on October 28th. All members and prospective members are requested to attend this meeting.

A meeting was held at the Green hill hotel on Thursday last, to consider the advisability of organizing a Pass branch Rotary. The meeting was addressed by Frank Frieze, former alderman of Calgary and now president of the Calgary branch. Af-

ter considerable discussion, the matter was left with a committee. In all likelihood a branch, whether for the district or Blainmore, will be organized here.

Rev. Father McCormick has been in Vulcan for a week or two and without ostentation has taken up residence and commenced the labor to which he has been assigned by his church. The information that follows him from places that know him best indicates that Father McCormick possesses the qualities that will in time make him well known and esteemed in Vulcan, where every man gets that welcome which he merits.—Vulcan Advocate.

The case against Albert Kryvoit for "doing badly harm while driving a car on the road to Blainmore," was dismissed from the supreme court at Macleod this week. This was an action taken against Kryvoit, following an accident in which two or three girls were hit by his car while he was attempting to pass another car with glaring lights. In passing, his car came too near the edge of the road and hit the girls who were standing by.

The Corbin road construction camp was closed for the year. The heavy rains of the past few days have turned the soil into a quagmire and rendered further work impossible. Had the weather kept fine for another week this road would have been open for traffic from Corbin to McGillivray. This road traverses a country of gumbie clay soil, which is easily affected by rains. A number of slides are reported in the crust of the new road as a result of the storm. Fernie Free Press.

About seven hundred persons attended the sacred concert given in the opera house at Coleman on Sunday night last by the new Coleman Amateur Orchestra Association, under the leadership of Mr. John Crawford, L.L.M. A number of delightful solos were rendered by Messrs. Alf. Phillips, Percy Rhys and Cecil Rhys and the programme throughout was thoroughly enjoyed. It is to be hoped that arrangements can be made to have this talented organization visit Blainmore in the near future.

A large number of members of the K. of P. lodges from Blainmore and Coleman attended a special meeting of Turtle Mountain Lodge at Hillcrest on Tuesday night, on the occasion of the official visit of Grand Vice-Chancellor R. T. Williams, of Calgary. During the meeting, the rank of Page was conferred upon a class of seven candidates. Following the meeting, refreshments were served and the gathering was addressed by Mr. Williams and by Mr. Powers, of the K.P. insurance department.

The masquerade dance in the Moose Hall last night was very largely attended and most enjoyable. Music was furnished by the Alternatt orchestra. Prize winners were as follows: Best dressed gent, W. Hyslop as an "outlaw"; best representative gent, Fred Paul; best dressed lady, Miss Duart; best representative lady, Mrs. Fred Hiltrover (Hillcrest); best comic lady, Mr. A. K. Williams (Calgary); 2nd prize, Mr. Frank Porzi. Miss Fleming, Miss Horrie and Mr. W. A. Beebe acted as judges.

Mrs. P. L. Backus is improving in Holy Cross hospital, Calgary, from a serious emergency abdominal operation. Mrs. Backus, who is head of the Order of the Pythian Sisters in Alberta this year, was addressing a gathering of the Order at Medicine Hat when she was taken ill. She tried to make home, but only got as far as Calgary, where the Doctor went down to meet her. She is now considered out of danger, but it will be a week or so before she is able to be removed home.—Red Deer Advocate.

F. J. Forster was found guilty at Medicine Hat of assaulting J. O. Scott, an inspector of the Alberta Provincial Police, before Mr. Justice Ives in supreme court on Wednesday afternoon. Forster assaulted Scott when he was attempting to execute his duty on August 9th; Scott was in civilian clothes. Forster was sentenced to three months' hard labor on the assault charge, on wilful damage of property \$5 and the alternative of paying \$20 to Inspector Scott or spending ten days in jail, for personal injury to Inspector Scott.—Red Deer Advocate.

COWLEY HAPPENINGS

Miss Allison Brockwell has gone to Foremost, where she is employed on the bank staff.

Young Charlie Poulsen is ill with a severe attack of appendicitis, we regret to say.

Owing to ill health, Miss Blanche Anderson, who is employed as teacher of the Poulsen children, has gone to her home in Parkland to an enforced vacation.

On Saturday night, October 13th, in the Oddfellows' hall, the Cowley branch of the Canadian Legion presented the Bellevue players in a grand concert, featuring Mr. Lymar Gurney, lyric tenor of radio station "K.Y.W.", Chicago, and Miss Enid Cole and a company of artists of Bellevue in a lengthy programme, which was first class from start to finish. Mr. Gurney rendered selections and encores as follows: "Out of the Dusk" and "The Lilac Tree"; "Rimpinto," Italian serenade, and "I Passed By Your Window"; "Little Mother O Mine" and "My Wild Irish Rose"; "A Fairy Story by the Fire" and "A Dawning." Miss Enid Cole's number were "Little Old Garden," a hoop skirt costume song, and "Curly Headed Baby," darky lullaby; "The Patchwork Quilt," reading; "The Highwayman," "Pale Moon" and "Ojlatka," Indian maiden costume reading; and "Ting-a-Ling," Spanish costume song.

Misses Enid and Peggy Cole were very fetching in a ballet costume dancing song, entitled "It," a Spanish costume dancing song, entitled "Neapolitan Night," and a Duet costume song and clog, "Bogie Breaches." Joe Jacob gave two violin solos, a concerto and "Sleep Hollow," in a manner which reveals the true artist. Miss Soar, accompanist, rendered two pleasing piano solos. The juvenile section of the programme was well selected. Miss Grace Goodwin and the Costelloes rendered a ballet, "Humoresque"; little Mildred Fisher, "The Old Blue Dragon," reading; "Spring Gardening," reading, and "The Mystery," reading. Marjorie Key contributed a reading, "Wishes and Fair Warning," and a ballet costume dance. These two acts were especially fetching in a song, "Mud Pie Days." Mr. Gurney's lyric tenor was especially good and Miss Cole's numbers were well up to her usual high standard. It was a well balanced and high class programme and the people of the Cowley district appreciate the appearance of these artists from time to time. The recent bad weather prevented many from outlying parts from attending, but the large hall was well filled.

During the first twenty-seven days of September in the town of Hanna, no less than sixteen babies were born. And Hanna is not a six-hour-a-day, eight-months-a-year mining town.

If garters were worn around the neck, we'd have to have longer socks.

FOR SIX FOOTERS

A new club of a most exclusive nature is being organized throughout Canada. It is the Daddy Long Legs Club, founded in 1926, and the membership is restricted to men at least six feet tall. It has many flourishing branches in America, and the other evening a thousand six-footers met in Toronto, to form a club there. The purpose of the club is to make the world safe for the long guys. Many things have to be set right. Hotel beds must be made longer, sheets and blankets never cover the situation. Pulman berths demand that an oversized man fold up like a jackknife. Awnings crack their skulls. When he local club is formed we have several youthful eligibles—Agent McInnon, Jack McDonald, Harry Hales, Bert Jones, Joliet Houbregs and himself, being among them.

A NOTHER RUB

It is hardly fair to compare Victoria Avenue with the streets of Cowley, because Cowley has the worst post street in the world, but it won't be long, boys. Talking about the main street of Cowley, recalls a recent trip through that town by members of the Fernie Golf Club. Ed Stewart struck it about fifty miles an hour and has been congratulating himself ever since that he is alive to tell the tale.—Fernie Free Press.

YANKS WIN

The Yankees said it with home run on October the 9th in St. Louis, and brought the 1928 world's series to a crashing, record-busting conclusion with their fourth straight victory over the Cardinals. Five crackling circuit clouts, three of them by the old and only Babe Ruth, four of them in two successive innings and all of them sounding taps for the Tedbirds, enabled the Yanks to win by the decisive count of 7 to 3 and record a new world's series achievement by making their second successive clean sweep over National league champions.—Ex.

Mr. and Mrs. J. A. McDonald had very narrow escape on Sunday evening, when on coming down the track to the Bellevue crossing they suddenly noticed an engine approaching. As the brakes of the car were not working well, it became necessary to run the car into the ditch on the left hand side of the road, where it overturned. Mrs. McDonald was knocked unconscious for a time, and was taken to her home in Blainmore by another car. The McDonald car and "Jack" sustained very little damage and after being upright and set on the road, the car sailed home under its own steam.

The Knights of Pythias and Pythian Sisters of Hillcrest, have been very busy of late renovating and decorating their hall and the Hillcrest Castle Hall is today one of the neatest and most attractive in Alberta.

Distance, so far as the Canadian Pacific is concerned appears to be measured no longer in miles. Time is the important factor and, at least in respect of package goods, the Canadian Atlantic and Pacific coasts are drawing closer each year. Here, Captain Brimble is signing for Canadian Pacific express packages to be carried over the railway between Winnipeg and Calgary. For several months the Company has operated an air service between Rimouski, Quebec, Montreal, Ottawa and Toronto. The new line in the air class was forged under auspices of Premier Bracken of Manitoba.

Local and General Items

Firing the average "rag" five dollars or thereabouts simply assumes him of free board for a few days at the public's expense.

Prohibitionists' effect upon the people of the United States might perhaps best be judged from the fact that the U.S. crime bill for last year amounted to over thirteen billion dollars.

Stuart Duncan, the 15-year-old son of Inspector and Mrs. Duncan, Red Deer, had a narrow escape from more serious injury in an auto upset north of Wetaskiwin on Saturday morning. Inspector Davin, A.P.P., was driving north from Calgary to Edmonton, and gave Stuart a ride from here. Slowing down round a curve four miles north of Wetaskiwin, the brakes did not work apparently, and over went the car into the ditch, taking two overturns and landing right side up in the ditch. Stuart was thrown out in the first overturn, but the Inspector was carried with the car. Both were sorely bruised and somewhat cut, but fortunately were not more seriously injured. The car was badly wrecked.—Red Deer Advocate.

The result of the first experiment at Claresholm with phosphate fertilizer, a by-product of the Trail smelter, was encouraging. Two of the test plots were so badly hailed as to furnish no comparison, but the third, in the farm of J. L. Salmon, showed an increased yield of eight bushels per acre from land treated with the phosphate. Two five-acre tracts were measured in a summer fallow field and one tract treated with phosphate. The fertilized tract yielded 54 bushels per acre and the other 42 bushels. Both tracts received exactly the same cultivation. The School of Agriculture will try further tests in succeeding years, for purposes of comparison. The cost of phosphate for one acre is 90 cents.

It is encouraging to read in the Nelson News that there is every indication that Peter Veregin, the new leader of the Doukhobors, is in favor of education and intends to see that he community laws under the protection of which the community lives are carried out. The Doukhobor community in British Columbia, the News says, has accomplished wonderful work, bringing into intensive agricultural development land that formerly was little better than waste. It has developed its agricultural and other activities that it is enormously adding to the wealth of the province. It is distributing this new wealth in purchases of supplies, etc., all over the country. It is only when the Doukhobors come into conflict with the law that they get themselves into an impossible position. Whether a Doukhobor as an independent or the Doukhobors as a community flout the law regarding education or in any other respect they should, as the News very properly observes, receive the same treatment as would any English-speaking herd of the province.—Lethbridge Herald.

PROVINCES WILL CLAIM RIGHTS TO WATER POWER

Ottawa.—Dominion and provincial rights to water powers will be argued in the supreme court of Canada next week. Recognized as one of the most important questions with far-reaching ramifications which has come before the courts in years the matter undoubtedly will be carried to the Privy Council in England for final adjudication.

Development of the potential water powers of the St. Lawrence, international and interprovincial in character, development of water power on the Ottawa river and a number of other power projects, all these are vitally concerned in the points to be decided respecting Federal and provincial jurisdiction. The case probably will extend over two weeks.

The Dominion government and at least five of the provinces, Ontario, Quebec, Manitoba, Saskatchewan and British Columbia, will be represented.

Ontario and Quebec, through counsel, will take the leading part in opposition and will be supported by British Columbia, Manitoba and Saskatchewan probably also will be heard in argument in answer to the claim of the Dominion.

These provinces, broadly speaking, will contend that the water powers were vested in the provinces before confederation and were not transferred to Dominion Canada by virtue of the British North America Act. A further argument would put forward on behalf of the provinces that the Dominion has no right to these water powers and that any treaty respecting an international waterway must subordinate to the British North America Act.

Saskatchewan has its own legal representative at Ottawa who has already received instructions to appear at the Supreme Court hearing and watch Saskatchewan's interests.

Withdrawing From League Of Nations

Argentine Parliament In Discontinuing Appropriations To Meet Debt Geases.—Argentina intends to withdraw from the League of Nations. It was indicated by advices from Buenos Aires stating that the Argentine parliament had decided to discontinue appropriations to meet league dues.

The news caused surprise and consternation in league circles. It was pointed out that the Argentine decision to discontinue appropriations as no nation may remain a member of the league unless the financial obligations are met. Under the rules of the league any member nation that contemplates withdrawal must pay dues for two years' notification of withdrawal is given.

Canada Helps Storm Victims.—Hon. Ernest Lapointe, acting prime minister, announced that the government of Canada is subsidizing the sum of \$25,000 to the British West Indies hurricane relief committee. Mr. Lapointe stated that the step was taken after consultation with and upon the recommendation of the Canadian Red Cross.

May Appeal To Privy Council.—Ottawa.—Permission to carry their appeal to the Privy Council in England will probably be granted to the Proprietary Articles Trade Association, formed by the department of labor to be an association in restraint of trade. The matter, it is stated, is now before the department of justice.

Chinese Soldiers Face Starvation.—Shanghai, China.—Generals of the Nationalist army notified Nanking headquarters that 100,000 soldiers are in danger of starving to death in the Chingli vicinity. The message also said the soldiers were suffering from lack of food and soldiers were not provided with boots or blankets.

Fighting In China.—Prading.—More than 3,000 Chihli-Baotung soldiers have been killed opposing the Nationalists northeast of Tien Tsin, says the Kiumin news service, reporting the surrender of the former Northern army.

Air Mail Service Starts.—Toronto.—Daily air mail service between Montreal and Toronto, and an international service between Montreal and Albany, N.Y., started October 1.

W. N. U. 1738

Does Not Need Warships

South Africa Protected By British Fleet, Says General Smuts.—Cape Town, South Africa.—Speaking to an audience which was predominantly of Dutch origin, General Jan Christian Smuts, leader of the opposition in the assembly, was vigorously applauded in a memorable speech on the secession question.

General Smuts at one point declared: "If we were not within the empire we would have to go to America or France, or some other big country to protect us because we are not safe. One warship could bring us to our knees. But today we are not considered in a kraal. We are in a friendly circle with a powerful British fleet to help us if any injustice is planned toward us. We need not spend millions on a fleet," General Smuts continued, "but can concentrate on projects of development so necessary to a young country. The British Empire is not a bond tying us, but she is a helping hand."

Cement Firms Protest

Producers Will Contest Move For Removal Of Duty.

Ottawa.—Contesting the application of the Canadian Council of Agriculture for removal of the import duty on cement, representatives of the cement producers in Canada will continue the survey of facts relating to the industry before the tariff advisory board.

In the brief of the Canadian Council of Agriculture, which was filed recently, it was claimed that the prosperous condition of the industry did not justify continuance of the existing import duties. In opening the case for the producers generally, Professor J. Jackson, Toronto, stated that the claims of the applicants. He sought to prove that the cost of production did not leave 57.5 per cent. of the sales to provide overhead and profits, as maintained in the brief of the council of agriculture.

Will Make Second Attempt Next Year

American Pilot Stranded On Flight To Stockholm Via Greenland.

Copenhagen.—Bert Hassell, American flyer, who arrived here from Greenland with his trans-Atlantic companion, Foster Cramer, announced he would make another attempt next year to fly from the U.S. to Stockholm by way of Greenland, Hassell and Cramer, who were rescued in Greenland after having been stranded in the Arctic wastes, arrived at Copenhagen aboard the steamer Pulton.

They were accompanied by Prof. William H. Hobbs, leader of the University of Michigan Greenland expedition, which had brought them to safety.

Canada Will Be Represented.—Ottawa.—Canada will be represented at the International Air Conference, which takes place in Washington, D.C., on October 10. It was stated officially at the Department of National Defence. Canada's representative has not yet been selected but an announcement with respect to the selection will be made later. The conference has to do with civil aviation.

Zeppelin To Start October 10.—London.—Germany's new trans-Atlantic dirigible, Count Zeppelin, will start its first flight to America not later than October 10, says an Exchange Telegraph despatch from Berlin. The generally favorable weather predicted for the North Atlantic during the first two weeks of October makes a start at this time almost certain, the despatch said.

R.C. Cabinet Unopposed.—Vancouver.—The nine portfolio holding members of the British Columbia cabinet, headed by Hon. Dr. S. P. Tomin, premier and minister of railways, were re-elected to the provincial legislature when they were unopposed at nomination proceedings. Voting was to have taken place on October 4, if there had been contests.

Swedish Government Resigns.—Stockholm.—The government of Premier Ekman, leader of the central bloc, resigned as an outcome of the recent election in which the government party lost several seats, including that of Foreign Minister Loelgren.

Mayor Of Cardston Dead.—Lethbridge.—Mayor Mark Spencer, Cardston, pioneer, and eight times chief magistrate of that town, died recently at Rochester, Minn.

Will Analyze Frosted Wheat

Scientists At University of Saskatchewan Have Started Work.—Saskatoon, Sask.—Now that four Canadian scientific laboratories, including that of the University of Saskatchewan, have determined that milling and baking qualities are not lessened by toughening or dampening of grain, scientists here, in collaboration with the investigations carried on elsewhere in Canada, are turning their attention chiefly to frosted wheat.

With painstaking effort as to detail, the Saskatchewan University laboratory, under general supervision of Dr. T. Thorvaldsen, professor of chemistry, and direct supervision of Dr. R. K. Lagrime, has begun work with the object of determining the actual damage done by frost to the milling and baking quality of wheat.

FEDERAL AID FOR HIGHWAYS SHOULD CONTINUE

Regina.—That federal aid, for highways should be continued with additional aid to the various provinces was the view of the delegates attending the 15th annual convention of the Canadian Good Roads Association who dealt with many other matters of interest during the sessions here. Elimination of level crossings, building cement bridges and roads, the financial responsibility of urban municipalities in road development, gasoline taxes and winter roads all had their place on the agenda.

Hon. O. L. McPherson, minister of public works for Alberta, was unanimously chosen president of the association and other officers were elected. Seven invitations were presented for next year's meeting place and while no decision was arrived at, Prince Edward Island would seem to be in favor with the delegates.

When the subject of Federal aid for highways was under review the discussions arising from this topic were crystallized in the following resolution:

"Resolved, that in view of the very marked and acknowledged benefit which comes to Canada as a whole because of the large investments being made in the highway construction and maintenance by various municipal and provincial bodies, such benefit being of a far reaching nature and affecting many branches of Dominion government service; and whereas the Federal government has collected in excess of \$200,000,000 during the past 10 years which can be directly or indirectly traced to highways; and in view of the fact that the Federal government recognized its interest in highways by a first grant of \$20,000,000, which has been expended; and in view of the increase in highway travel throughout Canada, this association, in its annual convention assembled, reaffirm its oft-stated belief in Federal aid to highways and that additional aid should be granted at the earliest possible moment to the various provinces and the executive committee is hereby instructed to make every reasonable effort to have this resolution made effective."

Zeppelin To Start October 10.—London.—Germany's new trans-Atlantic dirigible, Count Zeppelin, will start its first flight to America not later than October 10, says an Exchange Telegraph despatch from Berlin. The generally favorable weather predicted for the North Atlantic during the first two weeks of October makes a start at this time almost certain, the despatch said.

R.C. Cabinet Unopposed.—Vancouver.—The nine portfolio holding members of the British Columbia cabinet, headed by Hon. Dr. S. P. Tomin, premier and minister of railways, were re-elected to the provincial legislature when they were unopposed at nomination proceedings. Voting was to have taken place on October 4, if there had been contests.

Swedish Government Resigns.—Stockholm.—The government of Premier Ekman, leader of the central bloc, resigned as an outcome of the recent election in which the government party lost several seats, including that of Foreign Minister Loelgren.

Mayor Of Cardston Dead.—Lethbridge.—Mayor Mark Spencer, Cardston, pioneer, and eight times chief magistrate of that town, died recently at Rochester, Minn.

F. Philpott, British harvester from Liverpool, England, at work in a farming field of Vulcan, Alta.

Director Of Cancer Research

Dr. Ellice McDonald, shown above, who believes that he can forestall cancer by treating the subject through the administration of thyroid gland extract and other means. Dr. McDonald is director of cancer research at the University of Pennsylvania and the Philadelphia General Hospital. Dr. McDonald is a Canadian who has his early education at Winnipeg and finished it in Toronto. He has three brothers, Brig-Gen. H. P. McDonald, C.M.G., D.S.O., of Winnipeg; Dr. H. McDonald, M.P.P., of Qu'Appelle, Sask., and F. A. McDonald, Winnipeg.

Attending University Of British Columbia

Percy Williams Will Take Freshman's Course In Vancouver.

Vancouver.—Percy Williams, Olympic 100 and 200 metre champion, will attend the University of British Columbia here for one year. After that he will take the business administration course at the University of Washington. This was decided at a meeting of members of the committee in charge of Williams' affairs here, which Williams attended.

Williams spent two days in Seattle and returned home in order to discuss all angles of his situation with his friends here. He had been invited to attend the Washington institution.

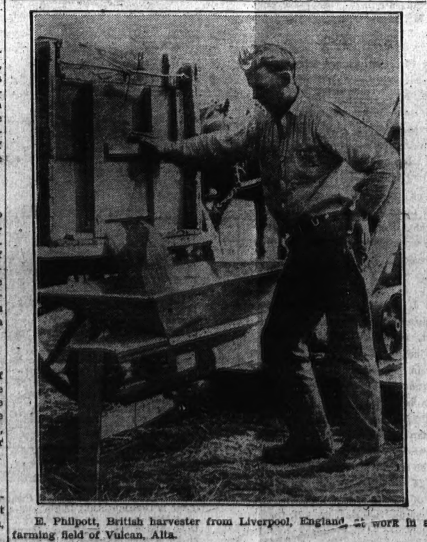

"He is remaining in Vancouver for the year because he feels that it would be unfair to those who welcomed him so wonderfully and who have been so good to him to leave," a member of the committee said.

Expresses Sympathy For Florida Sufferers

King George Cabled Condolences To President Coolidge.

London.—That King George takes a keen interest in world affairs is evidenced by the cable sent by him to President Coolidge, expressing his sympathy to the people of the U.S. for the sufferers in the Florida hurricane.

The message read: "I desire to express to you and through you as kind intermediary to the American people, my sincere condolences upon the disaster which has recently overwhelmed Porto Rico, the Virgin Islands and the state of Florida as a result of the recent hurricane and my sympathy with all those that have suffered from its effects."

F. Philpott, British harvester from Liverpool, England, at work in a farming field of Vulcan, Alta.

Anglo-French Naval Pact

United States Government Rejects Agreement In Note Sent To Both Powers.

Washington, Sept. 26.—An unqualified rejection of the so-called secret Anglo-French naval accord as a basis for renewed discussions on naval arms limitations is understood to be contained in the United States replies to Great Britain and France which were forwarded to Paris and London.

A separate note for each government was sent the American embassies for transmittal to the foreign offices.

It had been expected, one note would be sent to both governments. Although it was learned, the notes are not identical in form they are understood to be similar to each other in their essential facts.

It is understood both notes comprise a lengthy discussion of American stand on naval disarmaments with respect to cruisers and submarines. This subject has been the centre of disagreement between the United States and Great Britain and is held to have caused the failure of the 1927 Geneva conference. As indicated at the White House it is expected the notes will reiterate the United States stand on naval disarmaments as outlined at the 1927 Geneva conference.

Entertaining Premier King

Entire British Cabinet Invited To Dinner At Savoy Hotel.

London.—Premier Stanley Baldwin and the whole cabinet have been invited to the dinner to be tendered to King George, King of Canada by the Canada Club on October 10. This will be Mr. King's only speaking engagement in England. He will spend only one week in England and during that time is in hopes of getting about to see the countryside. Hon. P. C. Larkin, Canadian High Commissioner, will preside at the dinner, which will be held at the Savoy hotel.

Forty Killed By Explosion

Powder Magazine In Old Spanish Fort Caused Accident.

Melilla, Morocco.—By an explosion of the powder magazine of the ancient Spanish fort of Cabreria 40 persons were killed and 200 injured, some of them probably fatally.

The explosion demolished the old citadel, on a rocky hill overlooking the town. All houses around the citadel were destroyed.

Women and children were among the dead and injured. Nine soldiers of the Spanish garrison at the fort were killed. The government appropriated 25,000 pesetas (\$4,125) for relief of the families of victims.

CAMPAIGN IS ON FOR ELECTIONS IN GREAT BRITAIN

Yarmouth, Eng.—The first open move in a nation-wide campaign for the forthcoming British general election, when Prime Minister Stanley Baldwin and his government appeal to the British voters for another five-year mandate, will be made here when 2,600 Conservative delegates, a record gathering of its kind, go into conference to hammer out a party platform.

Within a month from now Conservatives, Liberals and Labor, by means of their annual conferences will determine the issues upon which they will wage the biggest party struggle in this country since the Great War.

The most intense fights are expected on tariff questions, the extension of protective measures by means of "safeguarding" of industries by special import duties.

British political strategists are getting ready to adopt new means and methods of appealing to the public.

Close watch is kept on the rapid development of wireless and talking movies. "Talkies" are being made of Baldwin and other political leaders; motor cars and trucks with the latest broadcasting apparatus made ready for swift campaigns through the country districts. The hunt for the party songs is on, and again the Conservatives are in the lead with song sheets already issued.

One ditty delicately alludes to the "flapper" vote, that uncertain bloc of five million newly-enfranchised young women for whom all parties are angling, all claiming flapper support, and none too certain of it.

MAKING EVERY EFFORT TO BRING BRITISHERS HERE

Winnipeg.—That there was no foundation for the charges made by Bishop Lloyd of Saskatchewan at a luncheon here "that there has been and is today a deliberate attempt to keep the British out of Canada," was the declaration made by Hon. Robert Burke, minister of immigration.

Speaking over the long distance telephone from his farm at Pipestone, Man., Mr. Burke said: "We are doing every thing possible to bring to Canada Britishers whom we think are willing and capable of working on Canadian farms, no matter what district they come from."

"We are paying, with the help of the British Government and the railways, their passage to their Canadian destination; we are giving them this money so that their start will not be surrounded with so many difficulties encountered by the earlier pioneers and those who today are coming in from non-British countries."

"We are associating ourselves with every good organization, having the British people's best interest at heart, to advance the settlement of British in Canada and we are doing nothing for members of any other nationality who are coming into Canada."

"What else should we do or can we do in all practical commonsense that we are not now doing?"

Manitoba Resources

Mr. Justice Turgeon Appointed Chairman Of Committee To Deal With Question.

Ottawa.—Mr. Justice Turgeon, of Saskatchewan, who was appointed chairman of the commission appointed to inquire into and decide upon the various matters in connection with the return to Manitoba of her natural resources, is in the capital arranging for the organization of the commission.

Mr. Justice Turgeon's colleagues on the commission are C. M. Bowman, of London, Ont.; and Hon. T. A. Cramer, of Winnipeg. A secretary to the commission will be appointed in a few days, said Mr. Turgeon, and thereupon an organization meeting will be held, probably in Ottawa.

Gate Receipts Cover Expenses.—Montreal.—Quite contrary to all expectations and customs, the Olympic games at Amsterdam paid for themselves, this year. This was learned in an announcement made by the Netherlands consulate here. Official figures are lacking, but it is understood that gate receipts will pay for all monies advanced the Dutch Olympic committee by the government and individual subscription.

Decline In Unemployment

Stockholm.—Unemployment is on a steady decline in Sweden. Latest government figures, just released, show that the number of people out of work who applied for aid in July was 9,500 as compared to 11,109 in June, or a decrease of about 14.9 per cent.

Support For Gov. Smith

New York.—Representative Mary T. Morton, Democrat, New Jersey, in an address broadcast from here, appealed to women to vote for Governor Smith, whom she termed "the greatest humanitarian this country has ever produced."

Rain Damages Ontario Crops.—Sault Ste. Marie, Ont.—Heavy rains and continued cold weather are alarming farmers of this district. Scores of acres of grain are said to be rotting in the fields, and potatoes planted on low ground are being ruined by excessive moisture.

Exhibit Of Canadian Fruit

Winnipeg, Man.—Good Canadian fruit for English exhibition and display passed through Montreal on the way to Manchester and London, being conveyed with special precautions by the Canadian National Express Company.

Enters Novel Plea

Detroit.—A plea that he was walking in his sleep when he shot and killed his wife, Amelia, has been entered as a defense for Chester Hutch, 48, on trial here charged with murder.

France is the only European country whose present birth-rate shows an improvement on the pre-war figure.

A patient at the Blairmore hospital has developed infantile paralysis and that institution was placed under quarantine by the medical health officer, Dr. J. Olivier, on Tuesday. Temporary hospital quarters are being fitted up in West Blairmore.

THE PASS FIFTEEN YEARS AGO

(The Blairmore Enterprise, 1913)

August 22.—The twelfth annual session of the International Geological Congress was held at the Rocky Mountains Sanatorium hotel at Frank on Monday. Twenty-one nationalities were represented in the gathering, including delegates from Austria, Belgium, Chili, Denmark, Egypt, Finland, France, Germany, Great Britain, India, Italy, Japan, Manchuria, Netherlands, Newfoundland, Russia, South Africa, Sweden, United States and Canada. The Northwest Institute was ably represented by Mr. J. L. Parker. One hundred and thirty persons sat at a banquet in the evening, which was a most elaborate affair.

At Cranbrook on Tuesday night, Dick Marshall knocked out Jim McLean, of Bull River, in the eighth round of a fifteen-round go.

Development of the new mines of the West Canadian Collieries, Limited, north of Blairmore, is progressing very favorably, and coal of a high quality is being uncovered. Three tunnels are being operated, one being in about ninety feet, and the others thirty and twenty feet, respectively.

Harry K. Thaw made his escape from the Matthew asylum for the insane in New York, following a period of confinement and fight for liberty since the killing of Sanford White in Madison Square on June 25th, 1906.

Mrs. D. May, of Hillcrest, purposes moving to Blairmore shortly.

Work on the new Enterprise building commenced this week. D. A. Sinclair has the contract.

J. McPhail Waggett will assist at services at Knox Methodist church, Frank, on Sunday night next.

During the week, the stork left a baby daughter at the home of Rev. and Mrs. W. T. Young at Frank.

The first annual ball of the Cowley Tennis Club will be held tonight.

The stork visited the home of Mr. and Mrs. J. H. Farmer on Tuesday, leaving them a son.

Francis and Sam Gibeau have returned from Sooki Lake, where they spent part of their summer vacation.

D. A. Sinclair is erecting a new residence on State street, which is to be occupied by Mr. and Mrs. Cliff Church.

A daughter was born to Mr. and Mrs. James Radford at Bellevue on August 19th.

August 29.—At the regular meeting of the town council on Monday night, Mayor Lyon, and Councillor Sinclair were elected to represent the Town of Blairmore at the annual convention of the Union of Alberta Municipalities to be held at High River.

Samuel Shone, former superintendent with the West Canadian Collieries, Ltd., but later of Vancouver, died at Vancouver on August 19th, leaving a wife and several children. The remains were laid to rest at Coleman on Saturday last.

John W. Young died in a Los Angeles hospital on Friday night, as a result of a knockout blow administered in a world championship heavyweight boxing match by Jesse Willard. Young's sparring partner, Luther McCarthy, died in a similar manner from a knockout blow from Arthur Pelky at Calgary.

Jack Taylor, Canadian heavyweight wrestling champion, will meet all-comers at the Blairmore opera house on Wednesday, September 3rd.

A number of parties, including M. H. Allworth, M. W. Allworth, R. D. Allworth, J. S. Washburn and E. D. Hawkins, representing American capital, arrived on Sunday to look over coal and mineral properties on the North Fork-controlled by Messrs. H. E. Lyon, J. H. Farmer and George Jackson, of Blairmore.

Late last night, a real excitement occurred when three of our teachers,

who had been out for the evening, returned to their back near the residence of John Angus McDonald. On entering they discovered a pair of rubber boots projecting from beneath their bed, and upon police investigation it was found that they were empty and represented nothing less than a prank played by several young men who had gained access to the building through a window. The best part of the joke was when the police, after placing guards at the windows and entrances to the building, made a dash for these boots. Making a desperate grab for them, the police officer somersaulted, with the boots flying to different corners of the room.

The plant of the Pincher Creek Echo was advertised to be sold by auction on Saturday of this week.

The Blairmore Coal Lands, Limited, has been incorporated with a capitalization of half a million dollars, and head office in Blairmore.

The wife of Jack Rushton passed away at Coleman on Wednesday of last week, at the age of twenty-two years. Three children survive.

Rev. Hillis Wright was inducted as pastor of the Presbyterian church at Pincher Creek on Wednesday night.

JUDGE MAHAFFY RULES ASSESSOR WITHIN RIGHT ASSESSING AUTOMOBILES

His Honor Judge Mahaffy has handed down his decision in the matter of appeals from the court of revision of W. J. O'Neill and J. T. Roberts regarding their automobiles.

The decision reads as follows: "In the matter of the appeals of O'Neill and Roberts:

"These appeals are in respect of the assessment as personal property, of automobiles, belonging to the appellants, respectively, and the facts are identical, with the exception that the appellant O'Neill did not own his car until after the 20th of April, 1928.

"The appellants argue that the Vehicles and Highways Act, being 1924, Chap. 31, section 88, specifically prohibits the Town from assessing automobiles as personal property in the absence of a by-law granting such power to be passed by the Municipality.

However, quoting that section in part and leaving out the unpopular or non-applicable alternatives it is as follows: 'Except when an Act specifically enacts to a contrary effect, no municipality shall have the power to pass any by-law requiring from any owner any tax for the use of the public highway.'

"I can not see that this section applies to the present case at all as this is not a tax for the use of public highways, nor does it come under any of the alternatives provided in this section, but in my opinion is a tax of personal property as personal property has nothing to do whatever with the operation of the vehicles on the roadway or otherwise.

"The appeals will therefore be dismissed.

"Red Deer, Oct. 1, 1928.

Signed J. J. Mahaffy, J.D.C."

MISS DOROTHY CHAPPELL

JUNIOR TRACK CHAMPION

In the competition held by the Sports Association at the Wetaskiwin athletic park on September the 14th, to decide the ownership of the two silver cups for the junior track and field championships of the Wetaskiwin district, Miss Dorothy Chappell, daughter of Mr. and Mrs. Fred Chappell, of Wetaskiwin, and niece of Mr. and Mrs. W. H. Chappell, of Blairmore, copped the jumps handily for the girls, winning first place in the three events, as well as second place in the 100 and 220 yard dashes. Her time for the 100 yards was 13.1-5 and for the 220 yards 36.3-5. For the running broad jump she made 13 feet 2 1/2 inches; for the hop, step and jump 27 feet 8 1/2 inches, and for the running high jump 3 feet 9 inches.

Val Binakid says that the inventor of static was a statistician.

Typing on an average of 87 words each minute, Miss Wilma McBride, of Calgary, won the first prize in the twenty-third annual international typewriting contest held at Sacramento, California, recently.

Early Closing By-Law of the TOWN OF BLAIRMORE

NOTICE IS HEREBY GIVEN that a petition has been presented to the council of the Town of Blairmore, of Alberta, under the provisions of The Early Closing Act, praying for the passing of the following closing by-law:

1. This By-Law shall be known as the "Early Closing By-Law of the Town of Blairmore."

The term "public holiday" shall include New Year's Day, Good Friday, Victoria Day, Dominion Day, Labour Day, Thanksgiving Day, Christmas Day, Annual Civic Holiday proclaimed by the Mayor, and any other day which by Act of Parliament of Canada or of the Legislature of the Province of Alberta, or by Proclamation of the Governor General of Canada, or of the Lieutenant Governor of the Province of Alberta is made or declared to be a public holiday within the Province of Alberta.

2. Except as hereinafter provided, all shops shall for the service of customers be closed at one o'clock in the afternoon of every day of the week excepting Saturday, when it shall be 9 p.m., and thereafter for the remainder of the day shall remain closed for such purposes.

3. All shops shall for the service of customers be closed at one o'clock in the afternoon of each Wednesday during each year from the first day of January to the thirty-first day of December, inclusive, and thereafter remain closed for such purposes.

Provided that in any week, during the period from January 1st to December 31st, when a public holiday as herein defined occurs upon any day other than Wednesday, then all shops may be kept open upon that Wednesday until six o'clock in the afternoon thereof.

4. No person shall carry on any retail trade or business of any class in any place, not a shop, at any time when it would be unlawful under this By-Law to keep a shop open for the purpose of retail trade or business.

5. Notwithstanding any other provisions of this By-Law, a shop may, for the purpose of carrying on one or more trades or businesses described in the Schedule to The Early Closing Act, being Chapter 127 of the Revised Statutes of Alberta, 1922, and for clarity set out in the Schedule hereto, be kept open after the closing hours fixed by this By-Law, notwithstanding the fact that one or more such trades or businesses are also carried on therein; but when any such shop is kept open, there shall be placed in the front door and in the front window thereof a card not less than two feet square on which there shall be printed in English type of not less than one inch high, the following words:

"This shop is closed by law except for the sale of (here state the class or classes of goods which are offered for sale)."

SCHEDULE referred to in paragraph six (6) of this By-Law:

Post Office business.

The sale of medicines and medical and surgical appliances.

The sale of intoxicating liquors as prescribed by law.

The sale of refreshments for consumption on the premises.

The sale of tobacco and other smokers' requisites.

The sale of newspapers.

The business carried on at a railway bookstall or at a railway refreshment room.

NOTICE IS HEREBY FURTHER GIVEN that objections to the petition presented to the council, praying for the passing of such by-law on the ground that such petition is insufficiently signed or otherwise affecting the validity or sufficiency thereof, must be filed with the Secretary-Treasurer of the Town of Blairmore on or before the fifth day of November, 1928, and that if no such objections are filed before the said date the council will proceed to pass the said closing by-law.

DATED at Blairmore, Alberta, this 1st day of October, 1928.

The Farmer and the Research Worker

The prairie provinces of Canada have completed the harvesting and threshing of the greatest grain crops in the history of Canada, judged from the standpoint of volume. It is conservatively estimated that the wheat crop alone will not be less than 500,000,000 bushels, and that the other four principal grains, oats, rye, barley and flax, will add close to another 500,000,000 bushels to the total bringing Canada's grain yield for the first time within measurable distance of a billion bushel crop.

In almost every respect the season of 1928 was ideal from the standpoint of seeding, growing, cutting and threshing and the acreage seeded showed a substantial increase over former years. There was an absence of rust and other parasites, ample moisture, taking the country as a whole, and generally an absence of those conditions which result in a lowering of yield. The only fly in the ointment was the killing frosts of the third week in August which caught the later sown crops and those which from one cause or another had not matured. The result was disastrous from the standpoint of grades, and consequently materially lowering in prices of a large part of the total production.

According to a rough estimate of the Saskatchewan crop it is stated that about one-third of the wheat will be of the contract grades of 1, 2 and 3 northern, that another one-third will grade number 4, and that the remaining one-third will grade below that figure.

It is within the power of our farmers to partly offset the losses occasioned by dry seasons through the adoption of the most scientific method of farming; they can increase yields and grades by using good, clean seed and by regaining economic warfare on insects which they can insure their crops against hail. But they stand helpless before the icy clutch of Jack Frost.

Addressing the annual convention of the Saskatchewan Division of the Canadian Weekly Newspapers Association, at Regina, recently, Hon. W. R. Motherwell said he knew of only one way to beat out Jack Frost, and that was to get ahead of him. He had reference to the development of wheat with earlier ripening qualities. In this connection he made mention of the valuable time gained through the development of Marquis over the old Red Fife, and brought the cheering message that as a result of the experiments this year with Garnet and Reward, there was every expectation that a further notable advance would be made. According to Mr. Motherwell, where Reward wheat was grown by farmers in all the prairie provinces, under arrangements with the Department of Agriculture, in over 90 per cent. of cases Reward was safely in stock before the August frosts. He expressed himself as quite hopeful that western farmers would yet be in a position where they could and would beat out Jack Frost.

Experiments have been conducted for some time past to determine to what extent the drying process for damp wheat affects milling and baking qualities, and recent announcement is to the effect that, on the whole, the quality of the wheat is not seriously affected.

Now the Universities of the three prairie provinces and the Dominion Research officials are engaged in determining the effect which frost has on milling and baking qualities. Hundreds of farmers this year have had the experience of marketing wheat, weighing the full sixty pounds or more to the bushel but which, because of frost effect on the chaff, has been graded away below what would otherwise have been obtained. Rightly or wrongly there is an impression that this frost, while marring the appearance of the kernel, does not seriously affect the quality, and that the producer is sustaining a loss all out of proportion to the amount of damage done the grain; that, in a word, while the farmer-producer loses, the miller gains because he secures good milling wheat at a much less cost. The scientists are now striving to get at the real truth of the matter.

Thus are research workers for Governments and Universities working hand in hand with the farmers in endeavoring to advance the interests and prosperity of agriculture—through the development of earlier ripening grains, the elimination of rust, and in determining the actual effects of moisture and frost on the true commercial value of grain. The effort is to save hundreds of millions of dollars to the agriculturists of Canada.

Canada is spending more money than ever before in scientific research work, and the Dominion Government announces that such expenditures will be still further increased. No body of men in the Dominion stands to gain more from such work and expenditures than do the farmers of the West. The whole weight of their influence should be back of this enlightened policy.

Made Commander in Royal Naval Reserve

Canadian Awarded V.C. in Great War Receives Promotion
The promotion of Lieut. Commander Ronald Neil Stuart, V.C., D.S.O., a Canadian, now in the Royal Naval Reserve, to the rank of commander, recalls the brilliant exploits for his participation in which Commander Stuart received the highest decoration for bravery in the gift of his sovereign. Stuart was one of two Canadians awarded the Victoria

Cross while serving in the Royal Navy during the great war, the other being Lieut. R. Bourke, of Nelson, B.C.

The action for which Commander Stuart was honored was published in the London Gazette, dated Nov. 20, 1918, seventeen months after the event, and it was under provision 13 of the Royal Warrant which enables a ship's company to select members of their personnel for the distinction that the Canadian was awarded the decoration by ballot. Commander Stuart was a colleague of no less a redoubtable fighter in the war story of British hush ships than Captain Gordon Campbell, V.C., the mystery man of the "special service."

The hush ships were a product of anti-submarine campaigns. They comprised colliers, freighters, merchantmen, yachts and even fishing smacks carrying concealed armaments and specially selected crews.

An Oil Without Alcohol—Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils compose Dr. Thomas' Electric Oil, and there is no alcohol in it, so that its effects are lasting.

Singing Master—Your wife's voice is greatly improved. Husband—Yes, but not cured yet.

The heart of the average adult is 5 inches long, 2½ inches broad and 2½ inches thick.

Minard's Liniment for sprains.

"Is Betty a good cook?"
"No, but she can change a tire!"

The Ideal Milk for Baking
doubly rich and creamy.
Adds richness and flavor to every recipe

Public Flying Clubs

Toronto and Montreal Lead Dominion in Number of Flying Hours

The public flying clubs of Toronto and Montreal are leading their sister clubs throughout the country in the matter of flying hours registered by their aeroplanes, according to the latest statistics available at the civil aviation branch of the department of national defence.

The Toronto planes have registered 887 flying hours, Montreal 490 hours, and Ottawa, next in line, 480 hours.

Other clubs and their records follow: Regina, 303 hours; Edmonton, 268 hours; Victoria, 77 hours; and Calgary, 37 hours.

Touche that Add Style to Dresses

By MAE MARTIN

It's amazing to see how easily out-of-style dresses are transformed by a few buttons, a little braid and the quick magic of home tinting or dyeing.

Your tinting or dyeing will always delight you, if you are sure to use only true, fadeless Diamond Dyes. Tinting with them is easy as bluing, and dyeing takes just a little more time. New colors appear like magic, right over the old colors. They give all the shades, with never a hint of that faded look which comes from inferior dyes. Tinted on Diamond Dyes and save disappointment.

"Color Craft," my big new book of dyeing and tinting hints, will be sent you FREE. Write Mae Martin, Diamond Dyes, Windsor, Ontario.

Allenby Is Honored
The distinguished service medal of the American Legion, highest honor that members of the former service men's organization can confer, was presented to Field-Marshal Viscount Allenby, of Great Britain, by National Commander Edward E. Spafford, at the Legion Convention at San Antonio, Texas.

WHEN YOUR BABY CATCHES A COLD

In spite of all precautions little ones will take colds—especially during the changeable days of our Fall season. When the first symptoms appear—sneezing, redness of the eyes, running nose—Baby's Own Tablets should be given at once. They will quickly break up the cold and prevent more serious complications.

Mothers who keep a box of Baby's Own Tablets in the home always feel safe. In fact they are like having a doctor in the house. They are a gentle but thorough laxative that sweeps out the stomach and regulate the bowels, thus driving out constipation and infection and relieving the baby of the many childhood ailments which are the direct result of a clogged condition of the bowels of your stomach. They are absolutely safe—being guaranteed to contain no drug at all harmful to even the youngest babe. They cannot possibly do harm—they always do good.

Baby's Own Tablets are sold by all medicine dealers or will be sent by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Not a New Business

Evidence of run-running 113 years ago has been uncovered at the customs house in Mobile, Alabama. Customs agents, searching through old federal records, found a tiny scrap of paper—evidently the last paragraph of a letter—informing federal officers of the discovery of 16 quarts, presumably liquor, submerged in a marsh.

WHITE STAR LINE
CANADIAN SERVICE

HONORED BY NEWSPAPER ASSOCIATION

SAM. R. MOORE
Publisher of the Swift Current Sun,
President of Saskatchewan Division
of the Canadian Weekly Newspaper
Association.

Canadian Weekly Newspaper Association
Saskatchewan Division Elects Officers
At Convention Held in Regina

Sam. R. Moore, publisher of the Swift Current Sun, was the unanimous choice of the Saskatchewan division, Canadian Weekly Newspaper Association, as president for 1928-29. The election of officers was held at the closing session of the two-day convention of the organization held at the Hotel Saskatchewan, Regina. Officers elected are: Hon. S. J. Latta, honorary president; C. R. McIntosh, M.P., North Battleford, honorary vice-president; T. H. B. McCullough, the Review, Weyburn, immediate past president; Sam. R. Moore, president; H. G. Sheldrake, North Battleford, Opiumist, vice-president; S. J. Dorman, the Despatch, Alameda, secretary-treasurer, and the following members of the executive, W. Ashfield, The Sun, Grenfell; B. McFirth, The Recorder, Wakarusa; R. Zubak, The Citizen, Kerrobert; W. T. Morphy, The Sun, Viscount; Andrew King, The Enterprise, Yorkton.

Upon the invitation of the Regina City Council and the Regina Board of Trade, Regina was decided upon as the meeting place for 1929.

Manitoba Radio Station

Largest Broadcasting Station To Be Operated in Canada

The largest radio broadcasting station in Canada is now operated by the Manitoba Telephone System. The new broadcasting set is fully modern in every respect and compares favorably with the best stations in United States. The present station now being operated by the telephone utility was installed a few years ago, but the rapid progress in the radio industry has made it out of date.

The new set will be installed at Manitoba Agricultural College and broadcast by remote control from the Sherbrook street telephone exchange in accordance with present practice.

Women and Asthma. Women are numbered among the sufferers from asthma by the countless thousands. In every climate they will be found, helpless in the grip of this relentless disease unless they have availed themselves of the proper remedy. Dr. J. D. Kilgus's Asthma Remedy has brought new hope and life to many such. Testimonials, sent entirely without solicitation, show the enormous benefit it has wrought among women everywhere.

Hop Acreage in Canada.
The total acreage in Canada of hops in bearing in 1927 was 1,037 acres, or practically double the 504 acres produced in 1926, which was quite the largest acreage up to that time.

The average yield per acre was 1,375 pounds and the total yield 1,425,875 pounds, or 7,292 bales. The average price received per pound was 32 cents, making the total value of the 1927 hop crop \$468,260, as compared with \$367,248 in 1926.

The Oil Of Power.—It is not claimed for Dr. Thomas' Electric Oil that it will remedy every ill, but its use is so various that it may be looked upon as a general pain killer. It has been found that it gives for itself and its excellence is known to all who have tested its virtues and learned by experience.

"Hey, Miss Watayourname!" shouted the boss. "What's the phone number of Brown & Company?"
"O," replied the new stenog, dabbling her nose, "approximately 2000 Something."

Headache? Relieve with Minard's Liniment.

Many of us are kept out of a lot of mischief by being out of funds.

ASPIRIN

Headaches may be swiftly and safely relieved by an Aspirin tablet. A most efficient remedy, and there's no after effect; its use avoids much needless suffering. Try it next time; see how soon its soothing influence is felt. Just as helpful when you have a cold; neuralgia, neuritis, rheumatism, lumbago. Just be certain you get real Aspirin—the genuine has Bayer on the box, and on every tablet. All druggists, with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin has Bayer Manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

Shortage Of Butter

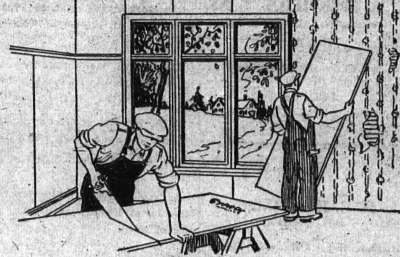

Canadian Production Not Keeping Up With Domestic Requirements
J. A. Caulder, President of the National Dairy Council of Canada, told the delegates to the annual meeting of the Dominion Mortgage and Investments Association, that Canada this year would be 15,000,000 or 20,000,000 pounds short of supplying her own butter requirements. The dairy industry has not kept pace with increased population, he said, and Canada had the highest per capita consumption of butter in the world—approximately 28 pounds a year.

COUGHS

are Nature's signals warning that resistance is broken and the body undernourished.

Scott's Emulsion is a blessing to all who need strength. It helps keep the body vigorous and healthful. Try it!

Scott & Bower, Toronto, Ont. 25-50

Nail GYPROC right over Old Walls

How many rooms in your home have walls that are cracked and faded? Make them "good as new" by nailing GYPROC right over the old, unsightly wallpaper. When you've decorated with Albabutte your home will be as attractive and comfortable as any home can be.

Use GYPROC for partitioning off extra rooms, renovating attics and basements, and making grain bins, stables and other farm buildings fire-safe and vermin-proof. You can put it up yourself—easily, quickly and at a substantial saving.

GYPROC Joint Filler applied at all the joints insures a perfectly smooth, flat surface that will take any decoration.

GYPROC Advantages for Farm Buildings
Easy to use.
Low cost.
Workable as lumber.
Cannot warp, bulge, crack, shrink or burn.
Takes any decoration.
Resists heat and cold.
Vermin proof.
Eliminates repairs.

Ideal for lining garages, poultry houses, barns, grain bins, and other farm buildings.
Especially suitable for partitioning and basements into extra rooms.

HARVESTER PLAN WAS A SUCCESS STATES AMERY

London, England. — Satisfaction that the great majority of British miner harvesters were employed under satisfactory conditions and that reports of generally bad treatment could not be substantiated is expressed by Right Hon. L. C. M. S. Amery, secretary of state for the Dominions, in a letter to Right Hon. Arthur Henderson, chairman of the Labor party, made public here.

Mr. Amery's letter was in reply to one from Mr. Henderson in which the former home secretary said that the attention of the national executive committee of the Labor party had been called to "various serious statements" regarding conditions under which the miners were employed and the treatment they received in Western Canada.

An officer was sent from England to Canada, and was still there, to deal with sickness and cases of genuine personal misfortune, Mr. Amery said. He mentioned that no harvester was adversely affected under the national insurance scheme.

"No doubt some cases of hardship have occurred, and indeed inability to face some degree of hardship is indispensable — but I am satisfied that no general complaint of bad treatment can be substantiated," Mr. Amery wrote.

"I am also satisfied that the great majority of harvesters got work under satisfactory conditions."

Plane Crashes In Hudson Bay Area

Machine Forced To Land and One Man Reported Killed.

Toronto. — A special despatch to the Toronto Star from The Pas, Man., says that one member of an aerial exploration party is dead, and another badly frozen as a result of a plane crash in a forced landing in the Hudson Bay area.

The Star's despatch follows: "One member of the Northern Aerial Mineral Exploring prospecting party is dead and another prospector is badly frozen and is in a critical condition according to word reaching The Pas. 'The men were in the Hudson's Bay area seeking minerals and are believed to be members of a party being transported by airplane to a new field, on what is known as the North Plane.' The plane, forced to land, it is understood crashed on a reef."

"Word of the precarious position of the men on the plane was radioed to a Dominion government tug operating in the Hudson's Bay District. It at once rushed to the scene of the wreck and was able to rescue six of the men on the plane. The name of the pilot in charge has not yet been learned."

"As soon as word of the fatality reached here Captain Oakes was sent out by plane to render all help possible."

Canadian Scouts Will Attend World Meeting

Two Complete Troops Going To England For Twenty-Fifth Anniversary

Ottawa, Ont. — At a conference of Boy Scout commissioners of the various provinces, it was decided that Canada would be represented next summer in the gathering of 30,000 Scouts brought from all over world for the great jamboree to be held near Birkenhead, England, to mark the twenty-fifth birthday of scouting. Plans were made for a minimum of two complete Scout troops, the final size of the contingent to depend upon the number of boys it was possible to draw from each province.

Floods Hamper Relief Work. West Palm Beach, Fla. — Rehabilitation tasks in the hurricane devastated area about Lake Okeechobee have been seriously hampered by floodwaters. The lake and surrounding streams and rivers were out of their banks after heavy rains. Thousands of acres of farm land were under water.

Will Reveal Facts

London, Eng. — It is understood that the cabinet has decided to publish a white paper containing full details of the discussions leading to the Franco-British naval compromise and the replies from the powers consulted as soon as certain outstanding formalities are completed.

N. W. U. 1738

Unemployment Insurance

Question To Come Up For Consideration When Ottawa House Meets

Ottawa, Ont. — Unemployment insurance, which was the subject of investigation by the industrial committee of the House of Commons last session, will be given further consideration when parliament convenes again. This assurance was given by Hon. Peter Heenan, Minister of Labor, who stated that the majority of the provinces of the Dominion already had declared themselves upon the proposal.

In its report the industrial relations committee accepted and endorsed the principle of unemployment insurance, based on compulsory contributions derived from the state, the employer and the employee. The report further pointed out that the responsibility for such legislation primarily rested with the provincial governments.

On the basis of the committee's findings the department of labor communicated with the various provinces to ascertain which of them would be prepared to consider adopting the proposal and to what extent they were willing to go as the present time. Mr. Heenan intimated that these replies would be submitted to parliament at the next session. The minister refused to divulge the views of the provinces in the matter.

Winston Churchill Joins Union

Chancellor Of Exchequer Identified With Building Trade Workers

London, Eng. — Winston Churchill, chancellor of the exchequer, who made quite a reputation as a bricklayer while handling a trowel in the building operations at his home in Kent last summer, has joined himself one with his fellow craftsmen by joining the Amalgamated Union of Building Trade Workers. The chancellor, who paid his entrance fee by cheque, will receive his union card shortly.

Notifying the new recruit to trades union ranks that he will be pleased to enroll him as a member, James F. Lane, divisional secretary, sent Mr. Churchill a copy of the rules governing the entrance fee of five shillings and a weekly contribution of nine pence.

"This," Lane wrote, "entitles you in addition to trade protection to one pound a week should you be called out on strike, and to additional unemployment benefits should you at any time fall out of employment."

Under the regulations any one employing the chancellor is a bricklayer in the future must pay him the minimum wage.

New Varieties Of Seed Wheat Ready

Demand For Garnet and Reward Greater Than Supply

Ottawa. — Nearly 25,000 bushels of seed wheat of the Garnet and Reward varieties will be provided by the Department of Agriculture this year, it is learned. The demand is stated by officials to be greater than the supply.

The new varieties were developed by L. H. Newman, Dominion cerealist, at the experimental farm there. The grain ripens from seven to ten days earlier than other varieties.

Last year's sale of seed grain amounted to approximately 3,000 bushels. So satisfactory have the results been that this year's production at the experimental farm will not nearly meet the demand. It is sold to the farmer at \$3 per bushel.

Tuberculosis In Cattle

Disease Being Eradicated By Means Of Restricted Areas

Ottawa, Ont. — Tuberculosis in Canadian cattle is rapidly being eradicated through the operation of the restricted area plan, Dr. George Hilton, veterinary director-general of the department of agriculture, declares.

Where in some areas as high as 7.5 per cent. of cows had been found infected on the first tests, re-tests had shown a general falling off to approximately one-half of one per cent.

"There is a persistent and increasing demand upon the department for restricted areas," Dr. Hilton said.

"Farmers have found that by replacing infected animals with high class stock they receive greater financial returns with less work."

Antarctic Broadcast A Success. Montreal. — A wireless received by George A. Wendt, Canadian Westinghouse Company, states that the first attempt to broadcast special programs for members of the Byrd Antarctic expedition, now on the way to New Zealand, was completely successful.

Chamberlain Will

Travel Across Canada

Reaches Victoria October 29, and Sails From Quebec November 15

Ottawa. — Sir Austen Chamberlain's Canadian schedule has been given out here. He will arrive at Victoria on the afternoon of Monday, Oct. 29, remaining there until Wednesday, Oct. 31, when he leaves for Vancouver, where he spends Wednesday night. Sir Austen will leave Vancouver for Banff on Thursday morning. He will leave Banff on Sunday, Nov. 4, and arrive in Toronto early Wednesday morning, Nov. 7.

The next evening he will leave for Ottawa, arriving in the capital on the morning of Friday, Nov. 9. His stay in Ottawa will continue until Tuesday, Nov. 13, when he leaves to spend one day in Montreal. From Montreal, Sir Austen goes to Quebec, arriving in that city on the evening of Nov. 14. He will sail from Quebec the next day.

FINAL PAYMENT OF WHEAT POOL FOR 1927 CROP

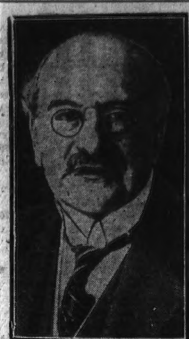

Winnipeg. — Cheques for the final payment of 24 cents per bushel on the 1927 wheat crop are now in the mail for Wheat Pool members in Manitoba, Saskatchewan and Alberta. Of the total amount distributed, amounting to \$4,722,105.89, Manitoba's share is \$261,873.53. The Saskatchewan Pool received \$2,870,820, and Alberta, \$1,600,143.75.

"The final payment this year is a flat payment on all grades of wheat," it was stated by E. B. Ramsay, general manager of the Central Selling Commission. "As all marketing costs and all deductions for commercial and elevator reserves were made from the last interim payment, the Pool's final price for the past year on No. 1 Northern, Fort William, was \$14.24 per bushel, as compared with \$14.32 paid last year, \$17.45 in 1926, \$14.66 in 1925, and \$10.11 paid by the Alberta Pool in 1924."

Regina. — President A. J. McPhail commented on the fact that the payment this year is somewhat earlier than the final payment from the 1926 crop, which was made on October 19 last year.

"A detailed report of the operations of the Pools for the crop year 1927-28 is, of course, not yet available, and will not be available until the annual meeting of delegates, which takes place on November 20, but it is sufficient to say at this time that the Pool management are satisfied with the showing made during the past year. They are confident that many Pool members did not expect the final price to be so generally satisfactory, and I can only repeat what I have already stated on previous occasions, that the Pool organization, as a wheat marketing agency, can only be effective to the extent that it is both efficient in management and in control of the largest possible volume of the total marketable wheat from Western Canada. It is, I think, generally admitted that the Pool organization is to be commended for the progress made to date in building up so rapidly such a huge organization, and we hope that our efforts will be assisted in the future by the addition of many million bushels more of Saskatchewan wheat, now marketed outside of the Pools."

HAS SETTLEMENT PLAN

Lord Melchett, formerly Sir Alfred Mond, who is in Canada, has proposed land grants to settlers by the Dominion and the financing of the undertaking by Great Britain as a solution to the British unemployment problem.

Many Killed When Building Collapses

Faulty Material and Hasty Construction Blamed For Accident

Prague. — The catastrophic collapse of a newly-constructed seven-story building here may have taken a toll of 64 lives or more, it is feared.

Most of the victims were workmen putting the finishing touches on the building. Faulty materials and too hasty construction are blamed for the collapse.

The architect in charge of the construction of the building committed suicide when informed of its collapse. A woman pushing a baby-carriage was hurt beneath the avalanche of brick and masonry with her child. A chauffeur passing in a motor car suffered the same fate, as did two coachmen and the four horses pulling their vehicles. About a hundred workmen were in the building when it collapsed.

Order Will Be Repealed

Canadian Residents Working In U.S. Are Not Immigrants According To Ruling

Washington, D.C. — Order eighty-six of the United States immigration department may be formally repealed within the next week or so. Promulgated on April 1, 1927, the order caused international turmoil until the Supreme Court of the United States technically nullified it by refusing to review the judgment of a New York circuit court of appeals, setting aside its provision that Canadian residents working on the U.S. side of the border were really immigrants, and must conform to all requirements of the U.S. immigration laws.

China Inaugurates President

Shanghai, China. — General Chiang Kai Shek has been inaugurated president of China. For the first time in 17 years of her history as a republic, China thus attained a unified central government. This was a national holiday. Chiang was installed at Nanking, the Nationalist capital, with impressive ceremony, amid general rejoicing. He was made chairman of the Nationalist government council, with the title of president.

WELSH IMPERIAL SINGERS

The famous Welsh Imperial Singers who arrived in Quebec on the White Star liner "Laurentic" recently. They are on a world tour under the leadership of Mr. R. Festy Davies.

Sails For Antarctic

Commander Byrd Commences Expedition To South Polar Regions

Los Angeles, Cal. — With thousands of his fellow countrymen at the harbor to wish him well, Commander Richard E. Byrd, U.S.N., turned his face this afternoon toward his newest adventure in the ice-crusted regions of the South Pole.

The expedition, which embraces 82 members, will cost approximately \$1,150,000. The money was raised by contributions from all parts of the United States. The primary purpose of the trip is to make accurate maps and procure important meteorological and other data of the South Polar regions.

Conditions Are Improving

Department Of Labor Reports Fewer People Unemployed

Ottawa, Ont. — Material improvement in employment conditions throughout Canada during the current year is revealed in figures dealing with employment placements released by the department of labor. Up to the end of August, employment was found for 325,714 applicants at the various public employment offices in the Dominion. In the first eight months of last year work was found for 239,570 applicants.

A WELCOME FOR SETTLERS FROM THE BRITISH ISLES

London, Eng. — "No bigger truth was ever offered in respect to a nation and a country than to say that Canada does not wish to have immigrants from the British Isles," Premier Mackenzie King of Canada declared emphatically in the course of a lengthy speech on Canada's immigration question and diplomatic representation abroad at the annual banquet of the Canada club here.

"Not only do we wish to have but we are prepared to advance money for their passage and indeed in some cases pay the entire passage for those whose labor we specially need," the Canadian Premier stressed after outlining the prosperity of Canada at present and the exceptional opportunities the Dominion held for migrants.

Hon. Charles Dunning, minister of railways for Canada, followed Premier King with a statement that he believed many of the British miner-harvesters who went to Canada this fall would remain in the west.

This experiment was merely the extension to Britain of the practice followed in Canada for 20 years, he remarked. Eastern Canadians had been going west on harvest excursions for two decades and many had settled permanently in western Canada.

The speaker strongly deprecated the idea that any considerable proportion of people without experience in Western Canada could be expected to start immediately to become successful farmers on their own account. Assisted settlement schemes could not in this way be wisely executed, he added.

A "certain type of propaganda appearing from Canada in the British press, conveying the impression that Britons are not wanted in Canada" was strongly condemned by the minister.

LEGATIONS AS A SYMBOL OF OUR GOODWILL

London. — Premier Mackenzie King of Canada, addressing the Canada Club here, made the following statement, explanatory of the motives which prompted the establishment of Canadian legations at Washington and Paris:

"It is a desire to gain the advantage in international negotiation of diplomatic standing and status for whatever today may be representing Canada's interests in the United States and France, and for whoever may succeed to that high responsibility in the years to come."

Next it is to provide means of more effective consultation and co-operation between the British and Canadian government on matters in the United States and in France which are to us of common interest and concern.

"But over and above all else is the hope we devoutly cherish that a Canadian legation in the United States and in France may serve increasingly as a reminder of the near relationship our country bears to these great countries and to this old world."

"In the United States our legation, we trust will stand as a symbol of Anglo-Saxon friendship and goodwill based upon kindred ties of blood and tongue and tradition between the British and American peoples. And our legation in France will stand as a symbol of that union of French and British minds and hearts which has helped to make Canada what she is, and a never-ending friendship between these two great races."

"Alike in the old world and in the new, it is permanent friendship and goodwill which above all else Canada seeks for herself in relation to the countries, and between these countries and the great community of the British nations to which she is so proud to belong. We are not without hope that our voice at Washington and Paris may be helpful towards that great end."

Farmhand To Stardom

Gordon McLeod, Now Touring West, Once Worked On Saskatchewan Farm

Winnipeg, Man. — A former Saskatchewan farm hand is now visiting the west under circumstances which can best be described as offering several varieties of vivid contrast. Yesterday, as a last, he was one of the humble toilers at the Indian Head Experimental Farm. He also, during that portion of his career, worked for a time at the Imperial Hotel there. At this moment, he is a stage celebrity.

The ex-harvester and student of the evening chorus is Gordon McLeod, now heading his own London company on a transcontinental theatrical tour after being pitchedforked into fame last year when he took Sir John Martin Harvey's place on an hour's notice. Sir John was stricken ill in Toronto, and young McLeod filled the breach so sensationally that a number of Canadian financiers came forward and offered him the means to step into stardom.

Between the date of his earlier exertions at Indian Head and his present visit to the same vicinity, he has played in China, Japan, Burma, from Cairo to Singapore, and from South Africa to London. During the war, he served under General Smuts in the campaign against German East Africa and later, as a junior lieutenant in France.

He has previously been starred in London, but this present year makes the first occasion on which he has scaled the theatrical heights for an international tour.

Death Of Prominent Grain Man

Edmonton, Alta. — Hartley Mansell Pearson, general superintendent of elevators for the Alberta Wheat Pool, who was taken ill at Chauvin several days ago, passed away in an Edmonton hospital. Mr. Pearson was exceedingly well known in the grain trade, and previous to joining the pool some two years ago, was with the John R. McFarlane Grain Company of Calgary for 20 years.

Robbery Motive Suspected

Saskatoon. — Belief that Mike Harrison, whose body was found on blood-soaked newspapers beside the C.N.W. train last night, was the victim of foul play, was strengthened when it was discovered he had received \$185 pay from a farmer a few days before his death. There was only 15 cents in his pocket when he was found dead, his shirt badly smudged, and wounds on his back.

A variety concert of a very high quality will be staged by Miss Edith Cole and her talented troupe at Bellevue tonight.

A decree absolute of divorce has been granted Adam Liebergal, of Bellevue, from his wife, Beattie Liebergal, of Idaho.

Didya hear about the Scotchman who got all mixed up in Nova Scotia? Seeing such names as Tatamagouche, Ecomsecum, Shubenacadie, Skewiack and Musquodoboit, he asked if Pekin was very far from Truro.

Another evidence that the United States leads as a pattern of dryness (?): Liquor exports from Canada during the past year were only \$1,000,000 in excess of the year previous.

Were it not for the great number of murders being committed, Chicago would not maintain the reputation of a "Church-Going City."

At the regular meeting of the town council on Monday night, the secretary was instructed to proceed at once with tax enforcement.

Mr. and Mrs. T. Placek left by motor Saturday for High River district, where Mr. Placek recently purchased a whole section of farm land.

Flight-Commander H. C. McDonald, a Briton, left Harbor Grace on Wednesday afternoon in a small aeroplane on a solo attempt to reach Europe.

A woman has left Washington in a motor car, looking for a man who will make a good husband. Seems silly, but at that she might run into one.—Ex.

Turtle Mountain Lodge, Knights of Pythias, Hillcrest, has voted an assessment upon its membership for the relief of member sufferers in the Florida disaster.

The only reason a great many families don't own an elephant is that they have never been offered an elephant for a dollar down and easy weekly payments.

John Semanick, of Hillcrest, was found guilty of perjury by a jury in the criminal assizes at Macleod, and was sentenced to serve two years, less one month, in jail.

J. Y. Card, prominent Cardston citizen, has offered a scholarship of \$25 to the student in Grade XI or XII in the Cardston high school who makes the highest average in the examinations next June.

A British airman, Flight-Lieutenant Darcy Greig, travelled well over three hundred miles an hour in a trial flight at Calshot, England, on the super-marine Napier S-5 seaplane.

For First-Class Work and Quick Delivery, send your HEMSTITCHING to Barton's Music & Sewing Machine Store, Fernie, B.C. [N25]

Corner Brook Lodge No. 184, of the Benevolent and Protective Order of Elks, has just been instituted at Corner Brook, Newfoundland.

Big as was the political upheaval in Nova Scotia, the New Glasgow Free Lance remarks: "It might have been worse!"

Green concrete, to harmonize with nature, will be used by Cameron County, Texas, in building \$6,000,000 worth of roads.

WANTED—Man for gardening, also to take charge of a cow, that can sing in the choir and blow the organ. Apply Box 20.

On October the 26th, the burgesses of Stavely will vote on the by-law to issue debentures for five thousand dollars for a new skating rink.

The members of Crowview Rebekah Lodge will hold their annual Halloween Tea and Sale of Work and Whist Drive in the Lodge Hall on October 31st.

A Chrysler car, stolen from Harry McNabb, of Macleod, was left by the roadside west of Fernie by three young chaps who were evidently beating their way to the States.

Crows' Nest Chapter, I.O.D.E., will hold a tea at the home of Mrs. W. Howe, senior, on Wednesday next, October the 24th from 3 to 6 p.m. Come and bring your friends.

Mr. Frederic White will give his illustrated lecture on "India," under the auspices of the local Elks' lodge, in the United church tonight at 8 o'clock.

The Pincher Creek Board of Trade is co-operating with Cranbrook officials of the same body to provide road signs with mileage on the Cranbrook-Pincher trail.

Mr. H. T. Halliwell, editor of the Coleman Journal, was in town on Thursday night attending the meeting held at the Greenhill hotel in the interest of Rotary.

At the recent annual convention of the Alberta Medical Association, held at Calgary, Dr. T. R. Ross, of Drumheller, formerly of Coleman, was elected vice-president.

"Sure," remarked Mike. "We have altogether different in America than we do in Ireland. Here we mix the lather; there we lather the micks." Autopsy to be held early.

Mrs. H. E. Gate, who recently disposed of her ladies' wear business at Coleman, will take over the South Alberta territory as travelling representative for the Spirilla Corset Co.

A large polar bear was trapped in Count Rinaldi's palace on Tuesday night. We understand the skin is to be mounted and presented to the Frank Zoo.

Never run after a street car or a woman—there'll be another along in a few minutes. And, remember, there aren't as many after midnight, but they're faster.—Goblin.

A lecturer stated that men imitated women. Nonsense! You don't see any men with their pants cut off above the knee, showing pink rose-buds on their Paris garters.

For smuggling whiskey into Newfoundland in herring barrels, a man named Chafe was fined six thousand four hundred dollars or imprisonment for one year.

Lethbridge is to have a new theatre, to cost in the neighborhood of \$200,000. It will be under the control of The Empire Theatres, Limited, of Winnipeg.

Mr. Italo Rader, of Lethbridge, is named as one of the directors of the new merger company to be known as the Catelli-Macaroni Products Corporation. Mr. Rader is very well known in this district, having for a number of years acted as Italian consul.

Watch Those First Ten Years

MOST of our habits, good or bad, are formed before we're ten years old. Help your child form the health-habit. Give him plenty of

MOTHER'S BREAD

Have a slice ready when he comes running in from school. Soon he will come to recognize the difference between this rich-flavored, highly nutritious loaf and other foods less valuable.
